Mass Communication	Conversion of KBSU to HD	$20,485	$80,000	Critical	150-200	Course evals., interviews, advisory board input	Yes	Work with current, industry-std equip.		Could this be leveraged equip?
Technological Studies	ESKO digital cutting machine	$24,631	$24,631	Critical	400+	General information provided	Assessment plans completed- 5-year plans?	General information provided		Could this be leveraged equip?
Biology	Rotary microtome	$5,000	$5,000	Critical/Imp	67 (sev. hundred w/intro)	Limited- based on lack of student success in labs in a course	Yes	Histology is a basic lab skill- would be used in many courses		
ENVR/Geology	Communications module for ballooning	$2,250	$0	Imp	~60	Information from literature about enhancement of learning using this technology	Assessment plans completed- no 5-year plan for M.S. ENVR	Students could engage in research projects using this equipment		
ENVR/Geology	AA Spectrophotometer	$20,000	$0	Critical	63	Limited	Assessment plans completed- no 5-year plan for M.S. ENVR	Standard Equip students would use in laboratory careers		
ENVR/Geology	Atomic Force Microscope	$22,000	$0	Critical	63	Limited	Assessment plans completed- no 5-year plan for M.S. ENVR	Standard Equip students would use in laboratory careers		
Total requests		$94,366								
Funding available		$30,000
