## Admission to the Nursing Major-4-Year Program

Application for admission to the nursing major is a separate process from admission to the university. Admission to the nursing major is required for enrollment in **selected** spring semester sophomore and **all** upper division nursing courses. **Application to the nursing major must be completed by September 15 for spring admission consideration.** Additional information and advisement is available through the Department of Nursing.

Students must be admitted to Bemidji State University prior to applying for admission to the nursing major.
