* Indicates courses necessary for Career and Technical Education licensure

III. Career Proficiency

Technical College/Diploma.....Up to 32 semester credits
If an instructor has a technical college degree/diploma-an official transcript needs to be submitted from the college granting the degree/diploma.

Portfolio showing proficiency in specific licensure objectives
.....Up to 32 semester credits

A License Reviewer from the Center for Career & Technical Education at Bemidji State University will review the portfolio, arrange for an interview, and assess the portfolio.
