Greetings,

This semester twelve teams have been meeting with the goal of developing a Transfer Pathway that would assist students in the transfer from one of our Minnesota State Colleges to a Minnesota State University with the designated baccalaureate degree. Students utilizing a Transfer Pathway would enter as a junior and be able to complete their baccalaureate degree in 60 credits - without losing time and money or generating excess credits.

The Discipline Stakeholders meetings are intended for ALL stakeholders, regardless of discipline or previous involvement with the Transfer Pathway team.
