PLEASE ANSWER THE FOLLOWING QUESTIONS REGARDING THE PROPOSED PROGRAM

(If additional space is needed, attach a separate piece of paper.)

1. Please give a detailed description of the program.

Booths from around the world would be showcased to educate people on different religious and cultural holidays and their origin. The people working the booths would explain traditions that go with the holiday and serve food that is also associated with it. People will also be dressed in traditional garments that are indigenous to the culture.

2. What steps are you taking to ensure a successful program? (i.e., advertising, etc.)

Posters advertising the event will be hung up all over town so as to invite the entire community, as well as on campus. There will be an on-air ad on FM 90 and displayed on the ATC's monitor located in Deputy. There will be student run tables in the Lower Union and in Wally's to explain to students, staff and faculty what the event is. Since admission for the event will cost \$5.00, we will also be offering a drawing for ten tickets. People will be able to sign up for the drawing by stopping by the tables and filling out a draw slip.

3. Describe how your program will enhance student social or cultural life on campus.

This event will enhance cultural life on campus by educating student, staff, faculty, and community members on holidays that are celebrated from around the world. It will offer knowledge and insight to other cultures and religions that others may have never known of.
