1. The pre-optometry student should fulfill all requirements for a Bachelor of Science degree at Bemidji State University. The student should declare an academic major. Pre-Optometry is not an academic major. The major may be in any field of study. The Optometry Admission Test (OAT) is taken in the winter of the junior year.
2. Early entrance into optometry school is possible for some students. Most students, however, enter optometry school after completing a baccalaureate degree. In addition, some optometry schools may require more courses than listed below. It is the responsibility of the pre-optometry student to become aware of these additional requirements and to plan his or her pre-optometry curriculum accordingly.
3. The pre-optometry student should work closely with the pre-optometry advisor so all course requirements are fulfilled prior to entrance into optometry school. Delay in meeting with the pre-optometry advisor will likely result in delayed entrance into optometry school.
4. General requirements for all schools include at least one year of biology or zoology, general chemistry, general physics, English, college mathematics, and psychology.

BIOL 1211, 1212, 3710
CHEM 1111, 1112 (or) 2211, 2212; 3311, 3371
ENGL 1151, 2152
MATH 1470
PHYS 1101, 1102 (or) 2101, 2102
PSY 1100

5. The following courses are strongly recommended to be included in the student's pre-optometry curriculum:
BIOL 2110 or 2310
CHEM 4411, 4471
6. A suggested pre-optometry academic schedule is listed below; numbers in parentheses are semester credits:
