

# Nursing

Professional nurses provide direct care to individuals and work with others in a variety of settings to address the health needs of individuals, families, and communities. The practice of nursing aims to help people of all ages experience optimal health. Respect for human dignity and a commitment to caring are essential to nursing practice. Expectations of the baccalaureate Nursing graduate include professional growth and scholarly approaches to practice. The profession of nursing provides opportunities for graduates to assume many roles in a variety of clinical areas. A baccalaureate degree in Nursing also provides a foundation for graduate study and further specialization.

The baccalaureate degree program in nursing at Bemidji State University is accredited by the Commission on Collegiate Nursing Education, 655 K Street, NW, Suite 750, Washington, DC 20001, 202-887-6791. The program has two tracks, the RN to Baccalaureate Track and the 4-Year Track.

The **RN to Baccalaureate Track** serves registered nurses who live and work in various geographical areas. Courses are offered in block schedules, and some components are offered on the Internet and some on-campus. Students may enroll in liberal education courses and selected Nursing courses prior to being admitted to the Nursing major.

The **4-Year Track** serves students who are entering Bemidji State University as freshmen and are seeking a baccalaureate nursing education that will prepare them to take the NCLEX RN exam after graduation.

## Programs

- Nursing, B.S. (RN To Baccalaureate Track) *major*
- Nursing, B.S. (4 - Year Track) *major*

## Career Directions

Community Health  
 Home-care/Hospice  
 Hospitals  
 Long-term Care  
 Schools  
 Also: Graduate Study

## Preparation

### *RN to Baccalaureate Track*

Registered Nurse Licensure in Minnesota, North Dakota, or Wisconsin

### *4-Year Track*

See Section II, Enrollment for required high school preparation

### *Recommended High School Courses*

Algebra  
 Biology  
 Chemistry  
 Health  
 Life Sciences

## Nursing, B.S. *major* RN To Baccalaureate Track

Required Credits: 36  
Required GPA: 2.25

### I ADMISSION TO THE MAJOR

- Be fully admitted to Bemidji State University
- Have a cumulative GPA of 2.5 or higher
- Submit a Department of Nursing Application
- Be a graduate of a state-approved associate degree or diploma nursing program.  
There are no required pre-requisite courses.
- Be licensed to practice as a registered nurse or be a graduate with license pending.  
Full admission to the program requires unencumbered licensure.
- Have internet access suitable for delivery of online courses and peer collaboration.  
Submit
  - A current, unencumbered RN license number
  - CPR certification
  - Current, up-to-date immunizations and Mantoux
- Complete both a Federal and State (in state the student resides) background study that shows the ability to provide direct patient care. A student that is not authorized to provide unsupervised care, based on background study results, will be unable to progress in the program.
- Students must reside in Minnesota, North Dakota, or Wisconsin and a

student must have an unencumbered RN license from the state in which they reside. If a student changes state of residency while in the program they may not be able to continue in the program unless they move to North Dakota, Wisconsin, or Minnesota. If a student changes states of residency, they must notify the Department of Nursing.

- Clinical sites may have additional eligibility requirements specific to their facilities, which students must meet in addition to those listed above.

### II PROGRESSION

All individual nursing courses applied to the upper division major requirements must reflect a letter grade of C or better.

### III REQUIRED NURSING COURSES

COMPLETE THE FOLLOWING COURSES:

- NRS 3100 Concepts of Nursing and Health Care (3 credits)
- NRS 3140 Advanced Health Assessment (3 credits)
- NRS 3150 Integrative and Cultural Nursing (3 credits)  
or NRS 3400 American Indian Health Issues & Nursing (3 credits)
- NRS 3200 Health Education in Nursing Practice (3 credits)
- NRS 3240 Information Management and Collaborative Communication (3 credits)
- NRS 3300 Health Care Policy, Finance, and Regulatory Environments (3 credits)
- NRS 4101 Nursing Research RN-BS (3 credits)
- NRS 4116 Community and Family Health Nursing (4 credits)
- NRS 4120 Nursing Practicum: Community (3 credits)
- NRS 4210 Nursing Leadership and Management RN-BS (3 credits)

- NRS 4240 Evidence, Practice, and Profession (3 credits)

COMPLETE THE FOLLOWING COURSE FOR TWO CREDITS:

- NRS 3920 Directed Group Study (1-4 credits)

### SUGGESTED PART-TIME SEMESTER SCHEDULE FOR NURSING MAJOR, B.S.

Fall semester

- NRS 3100 Concepts of Nursing and Health Care (3 credits)
- NRS 3140 Advanced Health Assessment (3 credits)  
or NRS 3200 Health Education in Nursing Practice (3 credits)
- NRS 3150 Integrative and Cultural Nursing (3 credits)  
or NRS 3400 American Indian Health Issues & Nursing (3 credits)

Spring semester

- NRS 3300 Health Care Policy, Finance, and Regulatory Environments (3 credits)  
or NRS 3140 Advanced Health Assessment (3 credits)
- NRS 3240 Information Management and Collaborative Communication (3 credits)
- NRS 4101 Nursing Research RN-BS (3 credits)

Summer

- NRS 3200 Health Education in Nursing Practice (3 credits)  
or NRS 3300 Health Care Policy, Finance, and Regulatory Environments (3 credits)
- NRS 3920 Directed Group Study (1-4 credits)

Fall Semester

- NRS 4116 Community and Family Health Nursing (4 credits)
- NRS 4120 Nursing Practicum: Community (3 credits)

Spring Semester

- NRS 4210 Nursing Leadership and Management RN-BS (3 credits)
- NRS 4240 Evidence, Practice, and Profession (3 credits)

*A full time program includes one Fall semester (all Fall courses as above) and one Spring semester (all Spring courses as above), followed by Summer courses as above.*

## Nursing, B.S. major

### 4 - Year Track

---

Required Credits: 87  
Required GPA: 2.25

The 4-year track is designed for students who are beginning their studies for the nursing major.

#### I. ADMISSION TO MAJOR

Application for admission to the nursing major is a separate process from admission to the university. Admission to the nursing major is required for

enrollment in selected spring semester sophomore and all upper division nursing courses. Application to the nursing major must be completed by September 15 (applications accepted between August 15 and September 15) for spring admission consideration. Additional information and advisement is available through the Department of Nursing.

Students must be admitted to Bemidji State University prior to applying for admission to the nursing major. All official transcripts of credits transferred from other colleges and universities must be available in the BSU Admissions Office by September 15 for spring admission consideration to the nursing major.

Applicants must have completed at least 30 semester credits, including the designated required non-nursing courses listed as follows, for admission consideration.

BIOL 1111 Anatomy and Physiology for Allied Health I (4 credits)  
BIOL 1112 Anatomy and Physiology for Allied Health II (4 credits)  
CHEM 1111 General Chemistry I (4 credits) [contact Nursing Department]  
PSY 1100 Introductory Psychology (4 credits)  
PSY 3237 Lifespan Development (4 credits)

A grade of C or higher is required in the designated prerequisite courses for admission to the nursing major. If a grade of C or above is not earned the first time the course is taken, a grade of C or above must be earned the second time the course is taken. Designated course requirements for the major may not be taken on a pass/no credit basis. Admission to the nursing major is competitive and limited. Admission is dependent on the number of applications and evidence of meeting the listed requirements.

A cumulative grade point average of 2.5 or higher (on a 4.00 scale) and satisfactory completion of all designated required courses qualifies the student for the applicant pool, but does not guarantee admission to the major.

A completed application for the nursing major and the additional materials requested in the application must be available in the Department of Nursing by September 15. The application packet includes information concerning requirements such as immunization, malpractice insurance, federal and state background checks, and American Heart Association Health Care Provider CPR and CNA Certifications.

#### II. PROGRESSION

All nursing and non-nursing courses required for the major must reflect a letter grade of C or better.

#### III REQUIRED COURSES

A. Non-Nursing Courses

COMPLETE THE FOLLOWING COURSES:

- BIOL 1111 Anatomy and Physiology for Allied Health I (4 credits)
- BIOL 1112 Anatomy and Physiology for Allied Health II (4 credits)
- BIOL 2750 Medical Microbiology (3 credits)
- CHEM 1111 General Chemistry I (4 credits)
- PSY 1100 Introductory Psychology (4 credits)
- PSY 3237 Lifespan Development (4 credits)

B. Nursing Courses

COMPLETE THE FOLLOWING COURSES:

- NRS 2000 Introduction to Professional Nursing (3 credits)
- NRS 2203 Introduction to Clinical Practice (4 credits)
- NRS 2204 Health Assessment (3 credits)
- NRS 2207 Nursing Pharmacology (3 credits)
- NRS 3000 Elements of Scholarly Practice (2 credits)

## Nursing Courses

---

- NRSNG 3001 Adult/Gerian Health (6 credits)
- NRSNG 3003 Practicum: Adult/Gerian (4 credits)
- NRSNG 3120 Transcultural Nursing (2 credits)
- NRSNG 3201 The Childbearing Family (2 credits)
- NRSNG 3202 Child/Adolescent Health (4 credits)
- NRSNG 3203 Practicum: The Family (4 credits)
- NRSNG 4000 Senior Experience Nursing (1 credit)
- NRSNG 4001 Mental Health Nursing (4 credits)
- NRSNG 4002 Palliative Care Nursing (2 credits)
- NRSNG 4003 Practicum: Rural Communities/Populations (4 credits)
- NRSNG 4100 Nursing Research (3 credits)
- NRSNG 4110 Community Health Nursing (3 credits)
- NRSNG 4200 Nursing Leadership And Management (4 credits)
- NRSNG 4201 Practicum: Role Integration (6 credits)

### Suggested Semester Schedule for Nursing, B.S. major 4-YEAR TRACK

#### Freshman

- BIOL 1111 Anatomy and Physiology for Allied Health I (4 credits)
- BIOL 1112 Anatomy and Physiology for Allied Health II (4 credits)
- CHEM 1111 General Chemistry I (4 credits)
- PSY 1100 Introductory Psychology (4 credits)
- PSY 3237 Lifespan Development (4 credits)
- Other electives or Liberal Education requirements
- Recommend completion of CPR and CNA Certifications during freshman year or summer

#### Sophomore

- BIOL 2750 Medical Microbiology (3 credits)
- NRSNG 2000 Introduction to Professional Nursing (3 credits)
- NRSNG 2203 Introduction to Clinical Practice (4 credits)
- NRSNG 2204 Health Assessment (3 credits)
- NRSNG 2207 Nursing Pharmacology (3 credits)

#### Junior

- NRSNG 3000 Elements of Scholarly Practice (2 credits)
- NRSNG 3001 Adult/Gerian Health (6 credits)
- NRSNG 3003 Practicum: Adult/Gerian (4 credits)
- NRSNG 3120 Transcultural Nursing (2 credits)
- NRSNG 3201 The Childbearing Family (2 credits)
- NRSNG 3202 Child/Adolescent Health (4 credits)
- NRSNG 3203 Practicum: The Family (4 credits)
- NRSNG 4100 Nursing Research (3 credits)

#### Senior

- NRSNG 4000 Senior Experience Nursing (1 credit)
- NRSNG 4001 Mental Health Nursing (4 credits)
- NRSNG 4002 Palliative Care Nursing (2 credits)
- NRSNG 4003 Practicum: Rural Communities/Populations (4 credits)
- NRSNG 4110 Community Health Nursing (3 credits)
- NRSNG 4200 Nursing Leadership And Management (4 credits)
- NRSNG 4201 Practicum: Role Integration (6 credits)

#### NRSNG 2000 Introduction to Professional Nursing (3 credits)

Introduces concepts related to the discipline of nursing, health and health care, and the social context of the profession, including attention to rural health care. Addresses psychosocial and spiritual dimensions of nursing care, introducing therapeutic communication and socialization into nursing practice.

#### NRSNG 2203 Introduction to Clinical Practice (4 credits)

The nursing process as a framework for providing a holistic approach to nursing care. Focuses on knowledge and practice related to basic needs and selected interventions, including medication administration. Learning environments include classroom and laboratory settings. Prerequisites: 4 year track enrollee, NRSNG 2000.

#### NRSNG 2204 Health Assessment (3 credits)

Introduces beginning theory and practice for systematic data collection about the health status of individuals, including the identification of characteristics common to particular age groups. Guides the student in distinguishing between normal and abnormal profiles and potential health concerns. Learning environments include classroom and laboratory settings. Prerequisites: 4-year track enrollee, BIOL 1110, BIOL 2110, and NRSNG 2000.

#### NRSNG 2207 Nursing Pharmacology (3 credits)

This course is designed to develop theoretical knowledge of pharmacotherapeutics for nursing practice. The focus of major drug classifications and specific medicinal agents will be discussed in relation to pharmacodynamics, pharmacokinetics, therapeutic uses, adverse reactions, and precautions. Prerequisites: enrollment in 4 year nursing program, NRSNG 2000.

#### NRSNG 3000 Elements of Scholarly Practice (2 credits)

Examines forms of knowledge, the interrelationship between knowledge and practice, and the development of critical reflective thought. Introduces selected nursing theories, evidence-based practice, and an exploration of implications for nursing practice approaches. Includes study of ingredients expected in formal paper presentations. Prerequisites: 4-year track enrollee, NRSNG 2000, NRSNG 2004, NRSNG 2203, NRSNG 2204, and NRSNG 3120.

#### NRSNG 3001 Adult/Gerian Health (6 credits)

Focuses on common physiological health and illness concerns experienced by adults and gerians. Studies nursing care management approaches and health care resources supportive of promotion, attainment, and preservation of health and amelioration of suffering. Includes related psychosocial, nutritional, and pharmacological dimensions of nursing practice. Prerequisites: 4-year track enrollee, NRSNG 2000, NRSNG 2203, NRSNG 2204. Corequisite: NRSNG 3003. Pre- or corequisite NRSNG 3120.

#### NRSNG 3003 Practicum: Adult/Gerian (4 credits)

The nursing process, incorporating a holistic view, serves as the framework for the provision of nursing care to adults and gerians. Nursing practice roles and abilities relate to promotion, attainment, and preservation of health, amelioration of suffering, and supporting a peaceful death. Learning experiences include laboratory and a variety of rural health care environments. Prerequisite: 4-year track enrollee, NRSNG 2000, NRSNG 2203, NRSNG 2204. Corequisite: NRSNG 3001. Pre- or corequisite NRSNG 3120.

#### NRSNG 3100 Concepts of Nursing and Health Care (3 credits)

Introduces concepts emphasized in the program. Explores the nature of the discipline within professional and social contexts. Concepts of health are studied in relation to professional practice roles. Examines philosophies, theories, and frameworks for nursing practice. Students also address values clarification and ethical decision making. Prerequisite: Current RN license and admitted to major.

**NRSG 3120 Transcultural Nursing (2 credits)**

Health beliefs and practices of clients from diverse backgrounds, including the concept of rural culture and cultural barriers to quality health care. Theoretical frameworks for performing a cultural assessment and for planning and implementing culturally appropriate nursing care. Provides opportunity for students to reflect on culture in relation to oneself and nursing practice roles. Prerequisite: Admitted to major.

**NRSG 3140 Advanced Health Assessment (3 credits)**

Integrates understanding of altered physiologic states and principles of psychosocial and holistic nursing into a comprehensive approach to advanced nursing assessment for individuals across the lifespan. Guides the student in collecting and interpreting history information, physical information, and results of diagnostic studies. Analysis of information results in nursing diagnoses. Emphasis on advanced assessment process to evaluate response to nursing care. Prerequisite: Current unencumbered RN license; Prerequisite/Co-requisite: NRSG 3100.

**NRSG 3150 Integrative and Cultural Nursing (3 credits)**

Examines the health beliefs and practices of clients from diverse backgrounds, including the concept of rural culture and cultural barriers to quality health care. Theoretical frameworks for performing a cultural assessment and for planning and implementing culturally appropriate nursing care. Includes opportunities for students to reflect on culture in relation to oneself and nursing practice roles. Also explores integrative medicine as a component of cultural practice, values, and beliefs in response to a growing rate of patient demand for wellness-promoting integrative therapies. Prerequisites: Current unencumbered RN license; Prerequisite/Co-requisite: NRSG 3100.

**NRSG 3200 Health Education in Nursing Practice (3 credits)**

This course examines the role of health education in nursing practice and healthcare. Concepts, principles, and theories related to teaching-learning processes are addressed. The development, delivery, and evaluation of health education are studied in relation to healthcare and professional nursing roles. Group dynamics are also examined. Prerequisite: Current unencumbered RN license; Prerequisite/Co-requisite: NRSG 3100.

**NRSG 3201 The Childbearing Family (2 credits)**

Introduces family assessment as a framework for nursing practice. Incorporates a holistic approach in the nursing care of families and newborns during an uncomplicated perinatal experience. Prerequisites: 4-year track enrollee, NRSG 2000, NRSG 2203, NRSG 2204. Corequisites: NRSG 3202 and NRSG 3203. Pre- or Corequisite: NRSG 3120.

**NRSG 3202 Child/Adolescent Health (4 credits)**

Focuses on health and illness concerns experienced by infants, children, and adolescents. Studies nursing care management approaches and health care resources supportive of promotion, attainment, and preservation of health and amelioration of suffering. Includes nutritional and pharmacological dimensions of nursing practice. Prerequisites: 4-year track enrollee, NRSG 2000, NRSG 2203, NRSG 2204. Corequisites: NRSG 3201 and NRSG 3203. Pre-Corequisite: NRSG 3120.

**NRSG 3203 Practicum: The Family (4 credits)**

The nursing process, including family assessment, serves as the framework for providing a holistic approach in the nursing care of childbearing families, children, adolescents, and adults. Nursing practice roles and abilities relate to promotion, attainment, and preservation of health and amelioration of suffering. Learning experiences include laboratory and a variety of rural health care environments. Prerequisite: 4-year track enrollee; Corequisites: NRSG 3201 and NRSG 3202.

**NRSG 3240 Information Management and Collaborative Communication (3 credits)**

Introduces the concepts of delivering high quality health care focused on inter-professional communication, and the use of information management and patient care technology. Prerequisites: Current unencumbered RN license; Prerequisite/Co-requisite: NRSG 3100.

**NRSG 3300 Health Care Policy, Finance, and Regulatory Environments (3 credits)**

Provides an overview of the health care system in the United States. Examines and analyzes current health care policies at a federal, state, and facility level. Prerequisites: Current unencumbered RN license; Prerequisite/Co-requisite: NRSG 3100.

**NRSG 3400 American Indian Health Issues & Nursing (3 credits)**

Students will examine and analyze the health care issues that American Indians face in current times. Explore how the professional nurse may remedy the profound health disparities of American Indians. Prerequisite(s)/Co-requisite: NRSG 3100 in RN-BS track or completion of NRSG 2000 level courses in 4-yr track.

**NRSG 3920 Directed Group Study (1-4 credits)**

Provides an in-depth study of a selected topic. Course title, credit, and prerequisites vary by course offering. Selected courses open to general university students. Prerequisite: 4-year track or RN enrollee.

**NRSG 4000 Senior Experience Nursing (1 credit)**

This course prepares the student for successful licensure examination, career planning, and initial job search activities. Synthesis of previous learning and practical steps to begin a nursing career are emphasized. Prerequisites: Successful completion of required 3000 level NRSG courses.

**NRSG 4001 Mental Health Nursing (4 credits)**

Focuses on the psychodynamics of human behavior in relation to the mental health/mental illness spectrum and common lifespan concerns. In addition to assessment, nursing care management includes interventions such as psychopharmacologic approaches and therapeutic communication. Examines nursing and health care delivery resources that address mental health needs, especially those of people living in rural areas. Prerequisites: 4-year track enrollee and all 3000-level NRSG courses required for 4-year track.

**NRSG 4002 Palliative Care Nursing (2 credits)**

Examines nursing care needs common to individuals and families receiving palliative and end-of-life care. Emphasizes nursing practice representing a holistic, interdisciplinary, client-centered approach aimed at ameliorating suffering and supporting a peaceful death. Health care resources and issues related to the provision of palliative care are addressed. Prerequisites: 4-year track enrollee and all 3000-level NRSG courses required for 4-year track.

**NRSG 4003 Practicum: Rural Communities/Populations (4 credits)**

Provides opportunity to use the nursing process with a community/population as the client. Nursing practice roles and abilities relate to health promotion, attainment, and preservation of optimal health of clients, including clients with mental health needs, in diverse rural community settings. Prerequisite: 4-year track enrollee; Corequisites: NRSG 4001 and NRSG 4110.

**NRSG 4100 Nursing Research (3 credits)**

Considers the role and use of nursing research in nursing practice. An introduction to the research process is provided and interpreted for its utilization in nursing practice. Prerequisites: Admitted to major.

**NRSG 4101 Nursing Research RN-BS (3 credits)**

Considers the role and use of nursing research in nursing practice. An introduction to the research process is provided and interpreted for its utilization in nursing practice. Prerequisite(s): Current unencumbered RN license; Prerequisite/Co-requisite: NRSG 3100.

**NRSG 4110 Community Health Nursing (3 credits)**

Emphasizes use of the nursing process as the framework for addressing the community/population as client. Nursing role abilities inherent in the conduct of community/population-focused practice. Contemporary community topics, health concerns related to selected populations, and nursing/health care delivery in diverse community (including rural) contexts. Prerequisite: 4-year track or RN enrollee and all 3000-level NRSG courses required for 4-year track or RN program except NRSG 3920.

**NRSG 4116 Community and Family Health Nursing (4 credits)**

Emphasizes the use of the nursing process as the framework for addressing the family/community/population as client. Nursing role abilities inherent in the conduct of family/community/population-focused practice. Prerequisites: Current unencumbered RN license; Prerequisite/Co-requisite: NRSG 3100; Co-requisite NRSG 4120.

**NRSG 4120 Nursing Practicum: Community (3 credits)**

Provides opportunity to use the nursing process with the community and family as client. Focuses on client populations in diverse rural community settings and participation in professional nursing practice roles. Prerequisites: Current unencumbered RN license; Prerequisite/Co-requisite: NRSG 3100; Co-requisite: NRSG 4116.

**NRSG 4200 Nursing Leadership And Management (4 credits)**

A study of leadership/management theories, concepts, and strategies as applied to professional nursing roles and practice. Topics relate to nursing care delivery patterns, leadership/management processes, issues, and resources. The contemporary social context of nursing (including rural settings), social action, and the responsibilities of membership in the profession are addressed. Prerequisites: 4-year track enrollee and all required 3000-level NRSG courses.

**NRSG 4201 Practicum: Role Integration (6 credits)**

A comprehensive practicum supportive to the continued development of role expectations of the baccalaureate graduate. Emphasizes providing, designing, managing, and coordinating nursing care within a selected rural setting. Taken final semester of program enrollment in major courses. Prerequisites: 4-year track enrollee, NRSG 4001, NRSG 4003, NRSG 4100, and NRSG 4110; Co-requisites: NRSG 4200 and NRSG 4230.

**NRSG 4210 Nursing Leadership and Management RN-BS (3 credits)**

A study of leadership/management theories, concepts, and strategies as applied to professional nursing roles and practice. Topics relate to nursing care delivery patterns, leadership/management processes, issues, and resources. Prerequisite: Current unencumbered RN license; Prerequisite/Co-requisite: NRSG 3100.

**NRSG 4240 Evidence, Practice, and Profession (3 credits)**

Students become actively involved in an evidence-based project related to their nursing practice or area of interest. The project allows students to synthesize their nursing knowledge, experience, and research ability to produce a significant work that increases the body of nursing knowledge. Prerequisites: Current unencumbered RN license; Prerequisite/Co-requisite: NRSG 3100.

**NRSG 4917 DIS Tchg Assoc | (1-2 credits)**

Directed Independent Study | Teaching Associate

**All-University Courses**

The course numbers listed below, not always included in the semester class schedule, may be registered for by consent of the advisor, instructor, or department chair, or may be assigned by the department when warranted. Individual registration requires previous arrangement by the student and the completion of any required form or planning outline as well as any prerequisites.
