Job Summary

This posting may be used to fill more than one Student Worker Para Professional position in St Paul.

Serve on a field crew to sample approximately 50 sites for fish, invertebrates, habitat measurements, and water chemistry in order to assess water quality of Minnesota’s streams; help maintain field equipment; keep field records.

Typical schedule is Monday-Thursday 10+ hour days with overnight travel

Anticipated dates of work are June 7 - August 27th.

Minimum Qualifications

College student majoring in a water related science, environmental protection or a related degree field.

To be eligible for appointment as a Student Worker you must be a student enrolled in an educational program or planning to enroll within three months. Students may be "off" for the summer or for one semester/quarter and remain employed as student workers, but such absences cannot exceed one semester/quarter in a year. As a student you must be enrolled in a post-secondary or graduate program. If a student is enrolled at a credit-granting institution he/she must carry at least six semester (nine quarter) credits. If enrolled at a non-credit granting institution or one that only offers one credit per class, a student must be taking two or more classes per semester/quarter. Any lesser credit (class) load shall be treated as a semester/quarter off. Graduate students must be enrolled in at least two courses or making progress on a dissertation. You will be asked to complete an Educational Verification form prior to appointment.

Preferred Qualifications
Coursework in ichthyology, fisheries science, aquatic invertebrates, water chemistry, or aquatic ecology.
Experience working with data using Microsoft Word and Excel.
Knowledge of water and boat safety.
Ability to work in a team setting.
Good communication skills

**Physical Requirements**

Must be physically able to perform field work associated with monitoring projects. This may include loading/unloading vehicles and boats with field equipment, trailering and launching boats, and working in and/or near rivers and streams. Capable of some physical exertion in summer heat and sun. Work can take place in inclement weather.

**Driver’s License Requirements:**

A driver’s license is an essential function of this position. This requires possession of an unrestricted Class D Driver’s License. The job offer is contingent on confirmation of a valid driver’s license AND a satisfactory DLR check.

Requires a Class D Driver's License: a single unit vehicle with a gross vehicle weight of less than 26,000 pounds. This is a basic driver's license. Operators may also tow vehicles/trailers as long as the gross combination weight does not exceed 26,000 pounds.

**Why Work For Us**

Our mission is to protect and improve the environment and human health. We work with many partners (citizens, communities, and businesses, all levels of government, environmental groups and educators) to prevent pollution, conserve resources, and to help ensure polluting does not have disproportionate impact on any groups of people.

We emphasize work-life balance, and strive to have an inclusive workplace for everyone.

**How to Apply**
