

Technology Education (grades 5 -12) Partnership between Bemidji State University and St. Cloud State University

Steps:

- Register with BSU to take your Education “How to Teach” courses. These courses will be provided through BSU FasTrack. Required courses: ED 3000, ED 5100, ED 5110, ED 5350, ED 5140, ED 5780, HLTH 5400, ED 5737

FasTrack is a hybrid/online cohort initiative. There are THREE mandatory Face-to-Face meetings (in the Twin Cities) per year.

- If you already hold a secondary license to teach in MN, you are not a FasTrack candidate.
 - Plan to complete ED 3000 (pre-program course) the semester prior to officially starting FasTrack.
- Concurrently (or sequentially) register with St. Cloud State University for the Technology Education Content “the content courses”.

Those seeking licensure in technology education should:

- Review info provided by St. Cloud State University at www.stcloudstate.edu/ets
- Contact Dr. Kurt Helgeson, Department Chair of Technology Studies.
Email: krhelgeson@stcloudstate.edu or phone: 320-308-3127

St. Cloud State will review your transcript to determine what technology education courses will be required for you to qualify for the licensure.

Plan to concurrently complete courses at both Bemidji State University and St. Cloud State University. SCSU will administer the student teaching experience during the final semester of your coursework.
