<tbody>
<tr>
<td><strong>Expectations of BSU Student</strong></td>
<td>As much interaction with the science students as permitted: small group lessons (e.g., tutoring, providing remediation, walking around classroom helping students during practice/homework/lab time, etc.), providing demonstrations, facilitating discussions, or other. Teach a minimum of 1 class, a period-long lesson (~ 50 minutes). Complete a few assigned activities: student attention observation, leading discussion/questioning, and self-evaluation at end of practicum (and conversation with host teacher). Keep a journal of the experience as you will be asked to write a reflection paper about the practicum experience.</td>
</tr>
<tr>
<td><strong>Number of Hours, 8-Hour Days, or 4-Hour Half-Days Required</strong></td>
<td>4 eight-hour days (32 hours)</td>
</tr>
<tr>
<td><strong>Expectations of Host Teacher</strong></td>
<td>Encourage candidate to work with you as much as possible, within your comfort level. Allow the candidate to teach one ~50 minute lesson (this is typically the candidate’s last semester before student teaching); complete an evaluation form of candidate during the teaching of the lesson, and discuss with candidate after lesson is over.</td>
</tr>
