Student Teaching Abroad and the edTPA

During your student teaching abroad experience, both Bemidji State and Winona State will support you in separate but complimentary ways:

Bemidji State will provide your edTPA code and edTPA support webinars. You must submit your edTPA to Taskstream and elect to report your edTPA score to Bemidji State.

Winona State and Ed Abroad will be supplying a student teaching placement, orientation, and reviewing your documents to issue a grade. Once you have completed your student teaching and Winona’s Clinical Director has issued your grade, those Winona credits will be transferred back to Bemidji State and you will graduate from BSU with a BSU degree. Therefore, please remember to stay in contact with your BSU Clinical Office throughout your student teaching experience.
