Project Number 2
My Pet Peeve

The hassle of using a lens filter on your camera. It Works great when needed, But gets in the way when you don’t. When you are taking photos you don’t want to unscrew your lens filter then toss it in your pocket, it’s going to get scratched or even worst drop and break. Most of the time you don’t even have the right type of storage for it.
Project 2

The Chosen One

Final logo.

ooo so cool man.
That looks better.
