

Summer Term 2019

Planning Guide

Thanks to the efforts of the university community, Bemidji State University experienced a successful summer term in 2018. The enclosed materials provide information on arranging courses for SUMMER TERM 2019. The elements of the framework below provides many approved options. Summer term runs from May 20-August 2. Courses offered this summer would follow the guidelines listed below.

- Tentative Summer Course Schedule posted 12/14
- Summer Course Registration Starts 2/25
- Session I, Starts May 20: 3, 6, & 7 Week
- Session II, Starts May 28: 4, 5, & 10 Week
- Session III, Starts June 3: 4, 5, & 9 Week
- Session IV, Starts June 10: 3, 4 & 8 Week
- Session V, Starts July 8: 3, 4 Week
- Registration ends when courses fill or first day of class

Workshops and courses scheduled for two weeks or less may also be accommodated within this schedule. Any workshops planning to utilize the on-campus housing must be held between June 1-August 2, 2019.

The Dean may approve of courses offered outside of these dates for extenuating circumstances, such as pre-college programs or other rare situations.

The following considerations are important:

- On campus courses must be scheduled within designated block times identified for respective credits/weeks/number of days selected. This is important so students have options to enroll in multiple offerings with classroom meeting time. The scheduling options are illustrated in the following pages for your reference.
- Guidelines for scheduling workshops or courses two weeks or less in length are also provided. These offerings can essentially prevent enrollment in other courses during a particular week (as has occurred in the past). Thus, an examination of the offerings within departments/across departments becomes important.
- As some elementary and secondary schools finish in June, shorter-term courses offered for teachers may be scheduled to begin with the start dates listed June 3 and later.
- A full-time summer session workload shall consist of no more than six (6) credit hours. The total workload over summer session shall not exceed (sixteen) 16 credits
- A summer promotional piece will have all the important summer term dates and select information for workshops, camps, and conferences. There will be directions to view the course schedule online. The summer mailing list includes elementary and high schools and has been updated and expanded to other sectors. Recommendations for the mailing list are welcome and may be forwarded to Extended Learning. We will also create a Summer Session website and will post summer offerings, workshops, and conference information on the site. We also advertise on twitter, Facebook, and Instagram.

Thank you to everyone who provided feedback and comments on the summer course schedule.

GUIDELINES FOR SCHEDULING WORKSHOPS AND COURSES TWO WEEKS OR LESS IN LENGTH

- A minimum of 15 classroom-based contact hours (50-minute hours) are required for each credit offered.
- A maximum of one credit may be approved for each two days of class time.
- A maximum of two credits will be approved over one calendar week of classroom-based time (four to five days).
- A maximum of three credits will be approved over two calendar weeks of classroom-based time (six to eight days).

WORKSHOPS

A workshop is “an intense credit granting academic experience of short duration (but not less than two days in length) that is not listed in the current catalog.”

- **On-campus workshops** will be processed and managed through respective directors, departments, and colleges. Narrative/information about the workshops will be forwarded to Angie Gora for publication purposes no later than January 23.
- The deadline for notifying Records of summer session courses that will be cancelled for low enrollment is **NO LATER THAN TWO WEEKS BEFORE THE FIRST DAY OF THE COURSE, to accommodate the variety of start dates for summer term courses.**
- On and off-campus workshops will be highlighted in the summer bulletin.
- Guidelines for processing workshops will be made available through Extended Learning.

FREQUENTLY ASKED QUESTIONS

Do I need my Chair or Dean’s approval before submitting my courses?

Yes. Please complete the extended learning online course request form or spreadsheet and circulate for approval from your Chair and Dean. Departments can use the spreadsheets, or the course request form, or route an email, etc. for on-campus courses. The on-campus courses will also need Chair and Dean approval before the Administrative Assistants will input into the online schedule.

The course request form and spreadsheets are available on the landing page for summer.

www.bemidjistate.edu/go/summerbsu

When do I need to have my courses approved by my department?

You can begin seeking approval for summer courses now. Once the course is approved by the Chair and Dean, the Dean will forward to your Department Administrative Assistant who will input the course into the online schedule. The tentative course schedule will be posted on December 14 for students to begin reviewing and making summer plans. Therefore, faculty may now begin submitting courses for approval, so Department Administrative Assistants can input the tentative course schedule for the December 14 launch to students.

With departmental/Dean approval changes and additions can be made now until Jan 23 by the Department Administrative Assistant.

If a change is necessary after February 11 and approval is granted, the records office will need to update the change on the online schedule.

Final course schedule will be available online on February 11, 2019.

Registration for summer will begin on February 25, 2019.

What is considered faculty teaching load in the summer?

On-Campus Courses

Faculty who teach on-campus courses in the summer will be paid their summer load rate (2.25% of salary per credit).

Guideline for minimum enrollment to run on-campus summer courses:

- Undergraduate Level: 10 students or at the Dean's Discretion
- Graduate Level: 8 students or at the Dean's Discretion

Online Courses

Faculty who teach online courses in the summer can be paid at their summer load rate (2.25% of salary per credit), unless the course does not meet the minimum enrollments.

Minimum enrollment to run online summer courses at the summer load rate:

- Undergraduate Level: 10 students
- Graduate Level: 8 students

If the online course does not meet the minimum enrollment, the faculty member has the following options:

- Cancel the Course
- Run the Course at the miscellaneous rate of \$65 per student per credit hour
