BEST DECISION EVER!

TRANSFER STUDENT GUIDE
2018-19
WELCOME TO BEMIDJI STATE UNIVERSITY

Bemidji State University has evolved tremendously since it opened in 1919 as a teachers college amid the pines on the shore of Lake Bemidji.

Now offering more than 60 undergraduate majors, including many that are fully online, Bemidji State can match virtually any career aspiration, ranging from business, nursing and education to psychology, criminal justice and social work. It also has an array of distinctive degrees tailored to its unique location and historic strengths, such as aquatic biology and exhibit design.

All programs are taught within a welcoming community of faculty and staff who are committed to academic excellence and student success. This combination of tradition, quality and achievement is why our students say BSU was their Best Decision Ever.

WHY BEMIDJI STATE

**GREAT LOCATION:** BSU is set on a stunning Minnesota lakeshore in the heart of Bemidji, named “Best Minnesota Town” by Minnesota Monthly magazine. This friendly community has a thriving downtown, vibrant culture, lively nightlife and abundant shopping. The surrounding north woods offer year-round outdoor recreation.

**RIGHT SIZE:** BSU is big enough to offer comprehensive academics, including 7 master’s degrees, yet small enough to provide support and guidance to every student. A student-to-faculty ratio of just 19:1 means more one-on-one with professors and a family atmosphere on campus. That makes for an easier transition, no matter your starting point.

**AFFORDABILITY:** BSU takes prides in delivering an outstanding student experience at a cost students and families can manage. Not only do all students pay in-state tuition, regardless of what state they’re from, but also more than 85 percent receive financial aid in the form of scholarships, grants and loans.

**DISTINCTIVE MAJORS:** BSU complements popular majors such as nursing, education and business with an array of programs that are almost impossible to find elsewhere. These include wildlife biology, creative and professional writing and Ojibwe language.

**EPIC OUTDOORS:** BSU sits within 25 miles of more than 400 lakes. With abundant public lands to explore, you can find outdoor activities suiting any interest. From kayaking and skiing to hiking the Headwaters of the Mississippi River, there is always something new to experience.

**WEATHERPROOF:** BSU embraces its four-season climate while offering students a way to navigate campus indoors during unpleasant weather. A system of tunnels connects nearly every campus building, including residence halls.

Transferology is an online tool that evaluates how courses will transfer to a variety of institutions, including Bemidji State. Students must first create an account and sign in to Transferology.com as a registered user. Once signed in, they can either add their completed courses or import their courses if completed at a Minnesota State institution. Once courses are listed, students select “Bemidji State University” to see how their credits will transfer. They may also select “apply courses to a program” to generate a degree audit report for specific programs.
