

## Models and Display Items

Participants are allowed to display a prototype or model of their project along with their presentation board. Models will be subject to pass display and safety regulations to be displayed in person and must fit on the three foot by 2 foot display table provided by the science fair. Please indicate the need for a standard electrical outlet. Participants would be required to provide the necessary extension cords.

### **Items Not Allowed at Project or Booth:**

- Living organisms, including plants
- Glass
- Soil, sand, rock, cement and/or waste samples, even if permanently encased in a slab of acrylic
- Taxidermy specimens or parts
- Preserved vertebrate or invertebrate animals
- Human or animal food
- Human/animal parts or body fluids (for example, blood, urine)
- Plant materials (living, dead, or preserved) that are in their raw, unprocessed, or non-manufactured state.
- All chemicals including water. Absolutely no liquids can be utilized in the Project Display
- All hazardous substances or devices (Example: poisons, drugs, firearms, weapons, ammunition, reloading devices, grease/oil and sublimating solids such as dry ice)
- Items that may have contained or been in contact with hazardous chemicals (Exception: Item may be permitted if professionally cleaned and documentation for such cleaning is available). Filters (including microbial) may not be displayed unless the Display & Safety Committee can reasonably determine that the device was cleaned or was never used (please include receipts in your notebooks and/or logbooks)
- Sharp items (for example, syringes, needles, pipettes, knives)
- Flames and highly flammable materials
- Batteries with open-top cells or wet cells; no battery may be left in the exhibit hall overnight
- Drones or any flight-capable apparatus unless the propulsion power source removed
- 3D Printers unless the power source is removed
- Inadequately insulated apparatus capable of producing dangerous temperatures are not permitted
- Any apparatus with belts, pulleys, chains, or moving parts with tension or pinch points that are not appropriately shielded
- Any display items that are deemed distracting (i.e. sounds, lights, odors, etc.)
- Any apparatus or project material deemed unsafe by the Scientific Review Committee, the Display & Safety Committee
