HYDROGEN PEROXIDE SOLUTION 3%

1. Product Identification

   **Synonyms:** Hydrogen Dioxide Solution, 3%; Hydrogen Peroxide Topical Solution U.S.P
   
   **CAS No.:** 7722-84-1
   
   **Molecular Weight:** 34.01
   
   **Chemical Formula:** H2O2 in aqueous solution (3%)
   
   **Product Codes:** 2180, 2182

2. Composition/Information on Ingredients

3. Hazards Identification

   **Emergency Overview**

   WARNING! MAY BE HARMFUL IF SWALLOWED. CAUSES EYE IRRITATION.

   **SAF-T-DATA™** Ratings (Provided here for your convenience)

   Health Rating: 2 - Moderate
   
   Flammability Rating: 0 - None
   
   Reactivity Rating: 1 - Slight
   
   Contact Rating: 2 - Moderate
   
   Lab Protective Equip: GOGGLES; LAB COAT; VENT HOOD; PROPER GLOVES
   
   Storage Color Code: Green (General Storage)
Potential Health Effects
----------------------------------

**Inhalation:**
Not expected to be a health hazard under normal conditions.

**Ingestion:**
Large oral doses may cause irritation and blistering to the mouth, throat, and abdomen. May also cause abdominal pain, vomiting, and diarrhea.

**Skin Contact:**
No adverse effects expected on intact skin. Contact on burn or open skin may cause stinging pain or irritation.

**Eye Contact:**
Causes irritation, redness, and pain.

**Chronic Exposure:**
No information found.

**Aggravation of Pre-existing Conditions:**
No information found.

4. First Aid Measures

**Inhalation:**
Not expected to require first aid measures.

**Ingestion:**
Give several glasses of water to drink to dilute. If large amounts were swallowed, get medical advice.

**Skin Contact:**
Not expected to require first aid measures. Wash exposed area with soap and water. Get medical advice if irritation develops.

**Eye Contact:**
Immediately flush eyes with plenty of water for at least 15 minutes, lifting lower and upper eyelids occasionally. Get medical attention immediately.

5. Fire Fighting Measures

**Fire:**
Not considered to be a fire hazard. Concentrated hydrogen peroxide (30%) is a strong oxidizer, but this dilute product does not present that hazard.

**Explosion:**
Not considered to be an explosion hazard. Drying of concentrated hydrogen peroxide on clothing or other combustible materials may cause fire or explosion.

**Fire Extinguishing Media:**
Use any means suitable for extinguishing surrounding fire.

**Special Information:**
In the event of a fire, wear full protective clothing and NIOSH-approved self-contained breathing apparatus with full facepiece operated in the pressure demand or other positive pressure mode.

6. Accidental Release Measures

Ventilate area of leak or spill. Wear appropriate personal protective equipment as specified in Section 8. Contain and recover liquid when possible. Collect liquid in an appropriate container or absorb with an inert material (e.g., vermiculite, dry sand, earth), and place in a chemical waste container. Do not use combustible materials, such as saw dust. Small amounts of residue may be flushed to sewer with plenty of water.
7. Handling and Storage

Store in a cool, well-ventilated dark area. Protect from freezing. Isolate from incompatible substances. Protect container from physical damage. Containers of this material may be hazardous when empty since they retain product residues (vapors, liquid); observe all warnings and precautions listed for the product.

8. Exposure Controls/Personal Protection

**Airborne Exposure Limits:**
- OSHA Permissible Exposure Limit (PEL):
  1 ppm (TWA).
- ACGIH Threshold Limit Value (TLV):
  1 ppm (TWA), A3: Animal carcinogen.

**Ventilation System:**
A system of local and/or general exhaust is recommended to keep employee exposures below the Airborne Exposure Limits. Local exhaust ventilation is generally preferred because it can control the emissions of the contaminant at its source, preventing dispersion of it into the general work area. Please refer to the ACGIH document, *Industrial Ventilation, A Manual of Recommended Practices*, most recent edition, for details.

**Personal Respirators (NIOSH Approved):**
Not expected to require personal respirator usage. If the exposure limit is exceeded, wear a supplied air, full-facepiece respirator, airlined hood, or full-facepiece self-contained breathing apparatus. This substance has unknown warning properties.

**Skin Protection:**
Wear protective gloves and clean body-covering clothing.

**Eye Protection:**
Use chemical safety goggles and/or a full face shield where splashing is possible. Maintain eye wash fountain and quick-drench facilities in work area.

9. Physical and Chemical Properties

**Appearance:**
Clear, colorless solution.

**Odor:**
Odorless.

**Solubility:**
Infinitely soluble.

**Specific Gravity:**
ca. 1.0

**pH:**
No information found.

**% Volatiles by volume @ 21°C (70°F):**
100

**Boiling Point:**
ca. 100°C (ca. 212°F)

**Melting Point:**
ca. 0°C (ca. 32°F)

**Vapor Density (Air=1):**
No information found.

**Vapor Pressure (mm Hg):**
10. Stability and Reactivity

Stability:
Stable under ordinary conditions of use and storage.

Hazardous Decomposition Products:
Decomposes to water and oxygen.

Hazardous Polymerization:
Will not occur.

Incompatibilities:
Heat, reducing agents, organic materials, dirt, alkalis, rust, and many metals.

Conditions to Avoid:
Light, heat, incompatibles.

12. Ecological Information

Environmental Fate:
No information found.

Environmental Toxicity:
No information found.

13. Disposal Considerations

Dilute with water and flush to sewer if local ordinances allow, otherwise, whatever cannot be saved for recovery or recycling should be managed in an appropriate and approved waste disposal facility. Processing, use or contamination of this product may change the waste management options. State and local disposal regulations may differ from federal disposal regulations. Dispose of container and unused contents in accordance with federal, state and local requirements.

14. Transport Information

Not regulated.

**Chemical Weapons Convention:** No
**TSCA 12(b):** No
**CDTA:** No
**SARA 311/312:** Acute: Yes Chronic: No Fire: No Pressure: No
**Reactivity:** Yes (Mixture / Liquid)

**WARNING:**

THIS PRODUCT CONTAINS A CHEMICAL(S) KNOWN TO THE STATE OF CALIFORNIA TO CAUSE CANCER.

**Australian Hazchem Code:** None allocated.
**Poison Schedule:** S5
**WHMIS:**

This MSDS has been prepared according to the hazard criteria of the Controlled Products Regulations (CPR) and the MSDS contains all of the information required by the CPR.

---

**16. Other Information**

**NFPA Ratings:** Health: 1 Flammability: 0 Reactivity: 1
**Label Hazard Warning:**

WARNING! MAY BE HARMFUL IF SWALLOWED. CAUSES EYE IRRITATION.

**Label Precautions:**

Avoid contact with eyes.
Keep container closed.
Wash thoroughly after handling.

**Label First Aid:**

In case of eye contact, immediately flush eyes with plenty of water for at least 15 minutes. Get medical attention.
If swallowed, give large amounts of water to drink. Never give anything by mouth to an unconscious person. If large amounts were swallowed, get medical advice.

**Product Use:** Laboratory Reagent.

**Revision Information:**

No Changes.
