**Course Components & Methods of Evaluation:**

**35% (3 Quizzes)**

**25% - Homework**
*Homework.* On the calendar you will see the column labeled “Tarea”. You are responsible to prepare all readings, writing assignments, exercises, etc. before coming to class on the designated day (with the exception of the first day of class).

- **Supersite:** Many activities can be either assigned in the SAM or on the Supersite, but some activities and videos are specific to the Supersite. Assigned activities from the Supersite serve to prepare you for the next class, review previously learned material and solidify new concepts and ideas.
- **End-of-lesson Escribir assignments (in the Literatura section):** You may submit these writing activities via the Supersite or in hard copy. Bring your (rough draft) writing assignments on the day assigned and we will edit them in class. You are responsible for handing in a final draft (via Supersite or in hard copy).

**15% - Composiciones y proyectos** You will write a composición and do a proyecto for each lección.

**15% - Presentación final:** You will take a quiz on the Lecciones 9 & 10 as a final, and do a final presentation.

**10% - Class participation and attendance:** You will actively contribute to class and group discussions both by asking and by answering questions; it also means that you will voluntarily engage in class activities and that you will always use the language of the course, i.e., Spanish. All students are expected to attend every day and arrive on time. Absence from class will affect your grade, as will tardiness, early departures, and regularly entering and leaving the room while class is in session.

**Grading Scale**
Outstanding work receives an A; outstanding work far exceeds what is expected (superior).
A = 93 A- = 90
Excellent work receives a B; excellent work exceeds what is expected (above average).
B+ = 87 B = 83 B- = 80
Good work receives a C; good work basically meets expectations (average).
C+ = 77 C = 73 C- = 70
Acceptable work receives a D; acceptable work is not particularly good, but is not failing (below average).
D+ = 67 D = 63 D- = 60
Unacceptable work receives an F; unacceptable work demonstrates poor effort and/or understanding (failing).
F = 59 and below

COURSE POLICIES:

Attendance: Your presence in class is very important. In order to earn your participation points you must be present and active in class. Roll will be taken every day, and attendance is mandatory. Being tardy or leaving class early three times will count as an absence.

Participation: Your active and regular participation is expected. Cell phones and other electronic devices are not allowed in class, except when your professor indicates their use for a research project or supersite group assignment.

Final Exam: Students may not take the final exam early.

Religious Observance: Religiously observant students wishing to be absent on holidays that require missing class should notify their instructor in writing at the beginning of the semester, and should discuss with their instructor, in advance, acceptable ways of making up any work missed because of the absence.

Excused Absences for University Extracurricular Activities: Students participating in an officially sanctioned, scheduled University extracurricular activity will be given the opportunity to make up class assignments or other graded assignments missed as a result of their participation. It is the responsibility of the student to make arrangements—prior to the absence—for making up missed work.

Academic Integrity: BSU students are expected to practice the highest standards of ethics, honesty and integrity in all of their academic work. Any form of academic dishonesty (e.g., plagiarism, cheating and misrepresentation) may result in disciplinary action. Possible disciplinary actions may include failure for part of all of a course as well
as suspension from the University.

**Students with Special Needs:**
BSU is committed to making all educational programs, course materials, services and activities sponsored by the University accessible to individuals with disabilities. Students requesting accommodations due to a disability or other need for access should contact Accessibility Services as soon as possible. Accessibility Services is located at Decker Hall 202. PH: 218.755.3883 or email: accessibility@bemidjistate.edu. This information is also available through Minnesota Relay Services at 800.627.3529.

**Mental Health & Counseling:**
You may experience mental health concerns or stressful events that may lead to diminished academic performance. The Student Center for Health & Counseling is available to assist you with concerns. Office: Cedar hall, first floor (218) 755-2053 fax: (218) 755-2750.

**Tutor.com:**
The Minnesota State system has updated the online tutoring service available to our students. We are now partnering with Tutor.com to offer 24/7 online tutoring, which will connect students with an expert tutor for extra assistance one-on-one. Online tutoring services can be accessed through the main page in D2L and your course page, by clicking on the tutor.com link, located in the “HelpLinks” menu.

*All students will receive 15 hours of tutoring at no cost.* Tutoring services cover a variety of subject areas including math, writing, accounting, economics, biology, languages and nursing. Additional time may be purchased by students directly through tutor.com.

Course Description: The application of knowledge from ML 3430 to the Spanish language. An introductory course of Spanish topics of phonology, morphology, syntax, lexicography, semantics, and language acquisition theory. Includes the study of the origins and evolution of Spanish and its current use.

Prerequisites: SPAN 3311 and SPAN 3313 Pre/Co-requisite(s): ML 3430 or consent of instructor.

Goal: Linguistics is the study of human languages – what they are composed of and how they are used. This course provides an introduction to Spanish linguistics and establishes the basis for future application of linguistic principles. The goal of this course is to provide students with a level of knowledge that enables them to make connections between the structure of Spanish and relevant issues in contemporary Spanish linguistics such as (among others), language variation and Spanish in the United States.

Objectives: Acquire skills and demonstrate understanding of basic fields of linguistic analysis (syntax, morphology, phonology, semantics) and consideration of sub-fields (dialectology, language change, history of the Spanish language).

Grading: The final course grade will consist of the following components:

Form 3
Updated: 9.19.15

New Course Form

Course Number:
   Undergraduate: SPAN 3320
   Graduate:

Course Title: La telenovela

Course Description:
In this course students will learn the usefulness of telenovelas from Spanish-speaking societies as stylistic discourses to promote the knowledge and improvement of their Spanish. We will explore “Las telenovelas” as audio-visual cultural products, and how they contribute to linguistic globalization. Spanish telenovelas are different than the U.S. soap operas in that they are short in duration. Selected telenovelas for this course, such as Pasión y poder, will immerse in Spanish pop-culture while at the same time they acquire the language. By watching frequent episodes, and listening actively to dialogues while watching the subtitles, students will develop the pleasure of watching telenovelas and understand that learned language is useful for practical situations, and that telefilms position American Spanish and its varieties in the global linguistic market. The telenovelas are stylistic discourses that promote the knowledge of Spanish through the ease of the pronunciation and the use of music associated to the expression of feelings and emotions. Prerequisite(s): SPAN 3311 Pre/Co-requisite: SPAN 3312 or consent of instructor. Liberal Education Goal Area 8. (Might not be offered every year.)

Course requirements:
Attendance and active participation:
Role will be taken every time the class meets, and attendance is mandatory. Being late or leaving class early three times will count as an absence. You are allowed to 2 absences during the semester, use them wisely for when you have personal/family events or for dangerous weather related situations. More than 2 absences will affect your final grade.

Complete your assignments on time. Prepare materials from the Listening and comprehension activities given in class prior to each episode. During class, you will discuss the materials you have prepared, in pairs, small groups or with the entire class as well as complete other types of activities which will be based on the homework. In group and class discussions, you will nearly always be speaking Spanish. Your grade for this category will be affected if you do not come to class prepared.

To achieve the goals of this course you must attend each class meeting and actively participate in classroom activities while speaking only Spanish during class time. You will also need to complete all homework assignments on time and meet with your instructor in her office to discuss any problems you might have. Make sure to allow extra time for practicing grammar, reading scripts and listening assignments (telenovela episodes). It is sometimes necessary, and always a good practice, to read and listen multiple times to assure your preparation for the next class meeting.

Expect to hear Spanish spoken in the classroom from the first day of class and make every possible effort to do so yourself. Speak with confidence, use the time allocated to express ideas in Spanish (not giving the shortest possible answers and then sitting there silently or speaking English). While speaking, provide complete sentences and maintain a short dialogue by asking and answering questions. During class discussions your professor will help you through any gaps in vocabulary or grammar. Often she will repeat back what you have just said if she thinks that others may not have heard or understood. Hearing something repeated in a different way is often helpful to others, as well as yourself, and does not mean that you have said something wrong.
GENERAL RULE: Falling asleep, cell phone/texting, and disrupting participation during class will adversely affect your grade even after you have earned an excellent grade for each class participation.

Assignments and group projects:

Activities for discussion in your syllabus must be done prior to coming to class since we will discuss them, and at the end of class, you turn them in for grade.

Activities in your syllabus identified “EN CLASS” and/or “EN CASA” will be collected for grade, but I will let you know which ones you need to turn in.

Group activities:

Projects: 2 “Mini-telenovela” scripts. For this activity, you and your group will write 2 scripts Mini-telenovelas.

2 “Mini-telenovela” videos. For this activity you will be using your scripts and film your acting, after editing your video, you will turn it in for grade.

Telenovela Acting role: This activity will be done during the 2 days of the semester. For this activity you will select a particular episode of “Pasión y poder”, act according to your selected character and give a different ending to the episode (capítulo de telenovela)

Final Group project: There will be a final presentation, during final exams. Act an episode of any telenovela in Spanish. Check Univisionnow.com

Grading Method:

Mini – telenovela Scrip ( 2 Scripts @ 5% each) ----------------------------------------------- 10%
Mini- telenovela (2 video @ 10% each) ----------------------------------------------- 20%
Telenovela acting role----------------------------------------------- 10%
Homework: Readings and writing (assignments pocket) ------------------------------- 20%

Course requirements:
Students are expected to complete the assigned readings and assignments before each class in order to actively participate in class discussions.

Attendance and participation: Your presence and active participation in class is very important. You are allowed up to 3 absences during the semester, use them wisely for when you have personal/family events or dangerous weather related situations. Attendance is mandatory. Being late or leaving class early three times will count as an absence. In addition, not being prepared, falling asleep, cell phone/texting, and disrupting participation will count as an absence. More than 3 absences will affect your final grade by 1%. Make-up work for homework/class work or exams is not accepted unless you have an official excuse.

Complete your assignments on time: You will not be able to be actively engaged in class discussions if you are not fully prepared and it will adversely affect your grade. During class you will discuss the assigned materials in pairs, small groups or with the entire class as well and complete other types of activities based on the homework. For in-group and class discussions you will nearly always be speaking Spanish. Expect to hear Spanish spoken in the classroom from the first day of class and make every possible effort to do so yourself. Speak with confidence, use the time allocated to express ideas in Spanish (not giving the shortest possible answer and then sitting there silently or speaking English). While speaking provide complete sentences and maintain a short dialogue by asking and answering questions. During class discussions your professor will help you through any gaps in vocabulary or grammar.

Come to class prepared to discuss reading assignments, documentaries, interviews, films and other listed material in your syllabus. All the assignments are scheduled and should be done prior coming to class, so you are well prepare to discuss them. Check grammar for each written assignment, since you will turn it in for grade after discussion.

Exams: There will be 2 regular exams and a final as scheduled. Each test will be about the material presented in class, such as the appropriate grammar used, vocabulary, selected reading, and visual material.

**Course requirements:**

Students are expected to complete the assigned readings and assignments before each class in order to actively participate in class discussions.

**Attendance and participation:** Your presence and active participation in class is very important. You are allowed up to 3 absences during the semester, use them wisely for when you have personal/family events or dangerous weather related situations. Attendance is mandatory. Being late or leaving class early three times will count as an absence. In addition, no preparation, falling asleep, cell phone/texting and disrupting participation will count as an absence. More than 3 absences will affect your final grade by 1%.

Make-up work for homework/class work or exams will not accepted unless you have an official excuse.

**Complete your assignments on time:** You will not be able to be actively engaged in class discussions if you are not fully prepared and it will adversely affect your grade. During class you will discuss the assigned materials in pairs, small groups or with the entire class as well and complete other types of activities based on the homework. In group and class discussions you will nearly always be speaking Spanish. Expect to hear Spanish spoken in the classroom from the first day of class and make every possible effort to do so yourself. Speak with confidence, use the time allocated to express ideas in Spanish (not giving the shortest possible answer and then sit there silently or speaking English). While speaking provide complete sentences and maintain a short dialogue by asking and answering questions. During class discussions your professor will help you through any gaps in vocabulary or grammar.

Course requirements:
Students are expected to complete the assigned readings and assignments before each class in order to actively participate in class discussions.

Attendance and participation: Your presence and active participation in class is very important. You are allowed up to 2 absences during the semester, use them wisely for when you have personal/family events or dangerous weather related situations. Attendance is mandatory. Being late or leaving class early three times will count as an absence. Not being prepared, falling asleep, cell phone/texting, or disrupting participation will count as an absence. More than 2 absences will affect your final grade by 1%. Make-up work for homework/class work or exams is not accepted unless you have an official excuse.

Complete your assignments on time- You will not be able to be actively engage in class discussions if you are not fully prepared, and it will adversary affect your grade. During class you will discuss the assigned materials in pairs, small groups, or with the entire class. Students will also complete other types of activities based on the homework. During group and class discussions you will nearly always be speaking Spanish. Expect to hear Spanish spoken in the classroom from the first day of class and make every possible effort to do so yourself. Speak with confidence and use the time allocated to express ideas in Spanish (do not give the shortest possible answer and then sit there silently or only speak English). While speaking, provide complete sentences and maintain a short dialogue by asking and answering questions. During class discussions your professor will help you through any gaps in vocabulary or grammar.

Assignments:
Reading assignments: You are fully responsible for the readings and homework assigned for each lesson as scheduled. These should be completed on a separate sheet of paper for group discussion. Written assignments (research from the book), oral activities (dialogues/interviews, recording, etc.) should be completed prior coming to class, so you are prepare to discuss them. Grammar and the quality of the content of each assignment will be evaluated. Most assigned activities will be discussed in class, therefore, your participation and preparation is expected. Since this course focuses on conversation, practice your
vocabulary, verb tense, and verbal expression so that you will nurture your knowledge and be ready for in-class discussion. These assignments will be assessed, and turned in for grade, after our discussions.

**Conversation** – “Conversation time”- Schedule 4 (20 minute) “One-on-one conversation times” with your Spanish instructor. During your scheduled time, you will have a conversation about a selected theme you agreed to discuss. The best way to prepare for this activity is by reviewing and practicing vocabulary for each topic, verb tense forms, verbal expressions, etc., that you have learned so far in your academic years of Spanish. The conversation should last at least 20 minutes. As soon as you complete this activity, you will meet with the instructor to help to determine the areas of grammar you still need to work on. After that, a grade will be assigned for each activity, so work hard to get the best score possible.

**Oral reports:** There will be 2 oral reports. The theme for each report will be assigned in class.

**OPI: Oral Proficiency Interview:** The OPI’s will be conducted as scheduled in the syllabus.

**Presentation:** There will be 1 final interactive presentation completed individually (as scheduled)

### ASSESSMENT FOR ORAL PROFICIENCY INTERVIEWS

**Process of the OPI –**

The entire interview is performed in Spanish- The interview is tape recorded and transcribed during the process. We start the OPI Evaluation by asking simple questions like- ¿Cómo estás hoy? (How are you?) ¿Cuáles son tus pasatiempos favoritos? (What are you favorite hobbies?) At this point, during the descriptions of hobbies, the interview takes it course and then we keep ‘milking’ important topics derived from the conversation. We then detect tenses, verbal expressions, vocabulary, in order to elaborate his/her speech, etc. At approximately 15-20 minutes into the interview or once we have reached the ‘ceiling’ we should know the level of
proficiency (Novice Low/mid/high- Intermediate Low/mid/high- Advanced Low/mid/high-
Superior Low/mid/high). We continue with a role play (ACTFL OPI cards)* according to the
level that the interview has been identified with. At the end in the ‘winding down process’ we
ask questions in the future tense. For example: ¿Qué piensas hacer esta tarde? (What are you
planning in doing this afternoon?) ¿Tienes planes para el fin de semana? ¿qué piensas hacer este
fin de semana? (do you have plan for this weekend? What are you planning on doing this
weekend? This last stage of the conversation will confirm the appropriate level in which the
student has been evaluated.

For this process of the OPI, I have included the form to be used during the evaluation process for
each student evaluated. Also see samples of the ‘Role play’ cards for each level of proficiency in
OPI.

*ACTFL OPI cards - Sample cards used in OPI- Oral Proficiency Interview during roll play
follow immediately after a 20 minute interview. The OPI process will last 25-30 minutes-

SAMPLE ROLE PLAYS FROM THE TEST

Intermediate/1 Role play
You are in city X. You missed your plane to New York. Ask the person behind the counter three
or four questions to find out what you need to know to get to New York quickly.

Advanced/2 Role play
When you arrived at the airport in city Y, your luggage is not in the baggage claim area. You
speak with a service representative, explain why you and your luggage did not arrive in the same
flight, and make arrangements to have the bags delivered to your hotel.

Superior/3 Role play
1) You just received an award for “_______” of the Year” Make a brief speech accepting this
award.
2) You are leading a discussion at your club on a book/movie you read/saw recently. Describe a
major theme of the book/movie, and discuss the significance of the theme to society.

ACTFL Proficiency Scale

Developed from the Federal Government’s ILR scale by the American Council of Foreign Languages, the ACTFL proficiency scale has 4 main levels (Novice, Intermediate, Advanced and Superior). The first three levels are each subdivided into 3 sub-levels (Low, Mid and High). The ACTFL scale provides a great deal of definition, especially at the lower levels of proficiency usually achieved in foreign language learning. It is widely used in many arenas, but particularly in academia. Find more information about the ACTFL scale here: [www.actfl.org](http://www.actfl.org).

Bemidji State University Spanish Program Catalog Description

Department of World Languages and Cultures

Our Mission: Our Bemidji State University Mission Statement describes our commitment in helping our students learn to respect and appreciate diverse peoples of our region and world through valuing international and multicultural understanding. In Minnesota, our society is changing rapidly with increased immigration from all parts of the world evidenced by the increases in ethnic and linguistic diversity now proliferating in our public classrooms. If we are to fulfill our goal of fully education the next generation of citizens here at our university, it is vital that our students acquire the global skills, experiences, and linguistic competencies that allow them to successfully function as global citizens and participate in multilingual communities at home and around the world.

The Department of World Languages and Cultures at Bemidji State University provides the skills and experiences to support students to work successfully with diverse peoples wherever they are. The department can enhance the education of virtually any student from every major. Our students can only benefit from our efforts to assist them in becoming more globally educated and perhaps no single effort is more important than helping them acquire the skills to participate in multilingual communities at home and around the world. Even if our students never leave, the world is coming here!

Language is more than a mode of communication. It is the primary means of understanding a culture, a people, a way of life. Studying a second language gives us a perspective on our own language and culture and prepares us to be knowledgeable and competent citizens of the world. In addition, those who undertake the study of languages experience the satisfaction and pleasure of learning what language is and how it works.

While Americans are traditionally viewed as monolingual, other countries routinely include language study as an essential part of a general education. In a world that is increasingly interconnected and interrelated, the development of a globally educated populace is crucial. Second language learning is a vital part of such an education.

The Spanish discipline offers courses that emphasize the richness and diversity of Latin American, U.S. Latino, and Iberian cultures, and prepares students with a range of linguistic and critical skills applicable to a wide variety of potential careers or further advanced study in a range of fields.

Objectives—The Spanish curriculum offers coursework in the cultures, languages, literatures, and films of Latin America, the Latino U.S.A., and Spain. The courses are designed to help students develop critical insight into the philosophies and values of other cultures, proficiency in a second language, and sensitivity toward literature and film that reflect the experiences of the Spanish-speaking world. The curriculum accommodates liberal arts students interested in a cross-cultural perspective, language study, K-12 teaching, working for nonprofit organizations and social services, or preparation for graduate study in Spanish and related fields.

Curriculum: World language study should be an integral part of an academic program for most students. The theoretical understanding of and practical experience in language underlie many intellectual disciplines that try to meet the complex problems of contemporary society. Courses
offered by the Spanish Department are designed to develop students' understanding of a second culture through the language spoken by that culture.

Upon the completion of their program of studies in the Spanish Department, majors with a concentration in Spanish will demonstrate proficiency in five goal areas: Communication, Cultures, Connections, Comparisons, and Communities. Students will be able to:

1. use their concentration language to present and interpret information and to communicate both orally and in writing;
2. demonstrate an understanding of the relationships among the products, practices, and perspectives of the culture(s) in which their concentration language is spoken;
3. demonstrate their ability to acquire information and further their knowledge through their concentration language;
4. demonstrate an understanding of the nature of language and the concept of culture by making comparisons with their own language and culture(s); and
5. demonstrate a desire to become a life-long learner of their concentration language.

Graduates will achieve both linguistic proficiency and cultural literacy through the study of the language and culture of their program. Linguistic proficiency entails the ability to function effectively in the target language and the ability to communicate competently with native speakers of the target language. Cultural literacy includes a general knowledge of the culture's history, familiarity with its literature, and basic knowledge of its social and political institutions.

If you came to Bemidji State University hoping to leave campus more attuned to the globalized currents of present, past, and future, our department is a place for you!

Hi April,

The Education Department approved of all the Spanish standards the courses had been linked with during the last submission, except that ED 4830 switched to a different standard.

Can we set up a time to go over the entire RIPA? I’m available Thursday afternoon, and all day Friday, if you have any time on one of those days. Otherwise, let me know if you have any availability next week.

Thank you,

Mandy

Hello Tony,

I am writing about our program (Spanish B.S. Education).

We had given students an option to take either ML 3430 Linguistics or ENGL 3580 The English Language in our new curriculum packet. We are withdrawing the ENGL 3580 option, mostly because we already have a course in place for students to take the course ("Students explore various topics in the language of their interest (German, Spanish, Ojibwe, English.")

The only place the change will occur is in the program description (required courses) and in the SPAN 4430 Spanish Linguistics co-requ

We are asking for your approval to do this, and send in the modification to proposed changes to committee again now.

Awaiting your response.
