

Bemidji State University Faculty Association

Operating Procedures

Amended 14 November 2022

Article I: Elections

Section A: Balloting

Election shall be by means approved by the Senate at a meeting prior to the election. The candidate receiving a simple plurality of the vote for each position shall be declared elected. When a seat in any BSUFA election is contested, each candidate shall provide a brief statement describing experience, goals and priorities with regard to the sought position.

Section B: Publication of Results

In the case of a general referendum, all propositions shall appear on the ballot in the form authorized by the Executive Board and the Rules Committee shall publish the number of votes cast for and against any proposition. In the case of an election, the Rules Committee shall publish after each ballot and tally of the votes and the name of the candidate who has been elected or whose name will appear on any subsequent ballot. No tally of votes polled by defeated candidates shall be published, but such information shall be placed on file in the office of the BSUFA president and shall be open to any member of the BSUFA.

Section C: Terms of Officers

The terms of the president, the vice president, the negotiator, and one of the two directors shall start on the first fall duty day in each even-numbered calendar year. The terms of the secretary, the treasurer, the grievance officer, and the other director shall start on the first fall duty day in each odd-numbered calendar year.

Article II: General Meetings of the BSUFA

Section A: Special Meetings

Special meetings of the BSUFA may be called by the President, a majority of the Executive Board, or by a petition signed by at least twenty-five BSUFA members.

Section B: Notice

Notice and agenda of all BSUFA meetings, regular or special, shall be made available to the membership at least three days prior to the meeting.

Section C: Quorum

When the BSUFA acts on any policy or action of the Senate or Executive Board, and only if a review of that policy or action is on the agenda for that meeting, a quorum shall be constituted by twenty-five percent of the membership. Otherwise, the membership present shall constitute a quorum.

Section D: Voting

Only members in attendance shall be permitted to vote. Voting by proxy will not be allowed.

Section E: Referendum

If twenty-five percent of the members of the BSUFA sign a petition objecting to a decision of the Senate, and if a majority of Senate members hold to the initial Senate position, the Senate shall submit the matter to the members of the BSUFA for referendum within ten days of receipt of the petition. A majority of those BSUFA members casting ballots shall be sufficient to decide the matter and the Senate shall be bound by the result of the referendum. The initial decision of the Senate shall prevail until the result of the referendum is announced by the BSUFA president, which shall be no later than twenty days after a petition is first submitted to the Senate.

Article III: Apportionment of Senate Seats

Section A: Representation by Academic Departments and Equivalent Units

Senators shall be elected from within academic departments or equivalent units. Article 20 Sec. A Subd. 1 allows Presidents to (re)define departments. Equivalent units are those units in the university that do not otherwise belong to an academic department but do consist of IFO members such as TRIO, Counseling, Library, and Athletics. This means that a department with multiple programs may not break up into “units” for the purposes of additional Senate representation. To clarify: BSUFA does not define or redefine academic departments or equivalent units. Nor do these entities define themselves. They are defined by the administration. The number of Senate seats accorded to each such unit shall be based on the number of full-time faculty positions within the unit according to the seniority roster.

Section B: Pools

Departments or equivalent units (heretofore and henceforth referred to as “units”) may form pools for purposes of Senate representation. Units desiring to form a pool shall keep a written agreement, signed by the chair (or equivalent representative) of each unit, on file at the BSUFA office. Existing pools can be nullified by any member unit by a written request from the representative of the unit to the BSUFA office.

Section C: Numbers of Seats

Each department, other unit or pool may elect senators according to the number of fulltime faculty positions that it comprises, as follows:

1-9: 1 Seat

10 -14: 2 Seats

15-19: 3 Seats

20 and above: 4 Seats

Section D: Equity Caucus Seats

Each equity caucus representing faculty of color, LGBTQ+ faculty, disabled faculty, and women faculty shall select a representative to be on the Senate (IFO Operating Procedures: Chapter X, F, 1).

Section E: Updating Apportionment

Each odd-numbered year, the Rules Committee shall review and update the census of full-time faculty positions within the various Units on the basis of the current seniority roster, and shall present to the Senate any proposed changes in representation at a time conveniently preceding the election of senators.

Article IV: Senate Meetings

The Senate shall regularly meet monthly, on the first Monday of the month that is a duty day, at 4:00 p.m.

Article V: Committees and Directorships

For purposes of Committee representation, Student and Academic Support (SAS) shall consist of members from TRIO, Library, and Counseling.
