Hiring Process for the Search Advisory Committee (SAC) Chair

- Search Chair
- Search Committee
- Hiring Authority
- Human Resources

●●● **Creating the Job Vacancy and Supporting Materials** - it's recommended the hiring authority and search chair go over this together. If the entire committee can meet to do this, that would be even better. This ensures everyone understands what type of candidate we are looking for. **Always partner with HR on questions or invite them to your meeting.**

- Job Vacancy - Ensure all minimum qualifications are accurate and identifiable, as any candidate without all of them will automatically be disqualified. Ensure all preferred qualifications are present and clear, as anyone with these will be given higher ratings and this will make screening and recommendations for interviews easier.
- Advertising Plan - Use HR Advertising Plan which includes all of the general areas we post, but please list additional areas you think would generate more applications and diversity within the applicant pool.
- First-round (Zoom) Interview Questions – Questions should reflect the job responsibilities and qualifications at a basic level and include a question about diversity, equity and inclusion (usually 8-10 questions).
- Second-round (Campus) Interview Questions – Questions should be different than the zoom interview questions, reflect job responsibilities and qualifications at a deeper level, and include a question about diversity, equity and inclusion (usually around 10 questions).
- Determining Search Advisory Committee members - Should be a diverse committee composed of individuals who are somewhat familiar with the position. Some unions require union representation so check with HR, if necessary. Diverse teams will include a balance of males and females; differing racial, religious and cultural backgrounds; and varying abilities. The make-up will also include individuals who will work closely with this position/person and those who may have an outside perspective.
- Teaching presentation/demonstration topic and evaluation - Should be determined prior to interviews being scheduled and submitted for approval.
- Submitting materials for approval – Per the Search Process Checklist, the SAC Chair will upload and save all materials to the search file on the J Drive and then let the hiring authority and HR know when they are available for review and approval before proceeding to the next step of the search process.
- Schedule Meetings - It's recommended that you prepare the search timeline and then look at the schedules of all committee members to determine best days and times for interviews. We suggest you block several tentative times to make sure the SAC members are available when needed for meetings and interviews. You may want to block 2 hours to screen candidates when released, 1 hour the next week to prepare and schedule interviews, and place blocks of times on calendars for the weeks when zoom and campus interviews are to be scheduled.

● **Review Candidate Pools**

- If meeting as a group to screen the candidates:
 - Screen - Use one "main" screening tool, which includes all names and information within one spreadsheet. The SAC will go through candidates one at a time and input minimum and preferred qualifications, strengths and weaknesses (only if all minimum qualifications are met), and the status of each candidate (interview recommendations or if they didn't meet the minimum qualifications).
 - Compile Recommendations - Once the spreadsheet is completed, you should clearly see who does not meet minimum qualifications (they should have an "X" in the first yellow column that indicates they don't meet the minimum qualifications and cannot proceed in the process). They will receive turndown letters from HR. You will then go through the candidates that did meet the minimum qualifications, review the preferred qualifications and strengths/weaknesses identified, determine their status, and mark the appropriate yellow column (interview, maybe interview, or qualified but not interviewing). The SAC Chair will upload the "main" screening tool to the J Drive and notify the hiring authority and human resources that the screening results are available for review and approval. These candidates will remain in the applicant pool until it is determined they should be released and then HR will send a turndown letter.

- Submit Materials - The SAC Chair will upload the “main” screening tool to the J Drive and notify the hiring authority and human resources that the screening results are available for review and approval. These candidates will remain in the applicant pool until it is determined they should be released and then HR will send a turndown letter.
- If screening individually:
 - Screen - Each committee member completes their own screening spreadsheet (using the same instructions above). The SAC then meets to review and discuss the screening results together in case there are some differences in screenings so you can discuss and determine the status of each candidate. The SAC Chair compiles the final “main” screening tool, which reflects the consensus of the entire committee. The SAC Chair will collect all of the forms from the SAC members and retain them.
 - Compile Recommendations - Once the “main” copy is completed, you should clearly see who does not meet minimum qualifications (they should have an “X” in the first yellow column that indicates they don’t meet the minimum qualifications and cannot proceed in the process). They will receive turndown letters from HR. You will then go through the candidates that did meet the minimum qualifications, review the preferred qualifications and strengths/weaknesses identified, determine their status, and mark the appropriate yellow column (interview, maybe interview, or qualified but not interviewing).
 - Submit Materials - The SAC Chair will upload the “main” screening tool to the J Drive and notify the hiring authority and human resources that the screening results are available for review and approval. These candidates will remain in the applicant pool until it is determined they should be released and then HR will send a turndown letter.

● Interviews

- Schedule Interviews - After approval by the hiring authority and affirmative action officer, the Chair may begin to schedule interviews. This can be done either by phone or email. It’s suggested you give them a few options and ask for at least two available times that would work for them in case more than one candidate wants the same time.
- Authorization for Reference Checks form – prior to the campus interview, ask the candidate if they have completed, signed and returned an **Authorization for Reference Checks** form to HR giving the HA permission to conduct off-list reference checks. If not, have them sign one while they are here.
- Take Interview Notes - During interviews, all committee members should take notes and give them to the SAC Chair at the conclusion of the interviews.
- Debrief - After the interview(s), committees should meet to go over the strengths/weaknesses of each candidate and their recommendations for campus interviews or hire. Be sure to identify each candidate’s strengths and weaknesses so it’s clear as to why and who is moving forward and who’s not.
- Compile – The Chair will compose the SAC Summary listing each candidate’s name, their strengths and weaknesses, and the SAC’s recommendations for a second interview or hire.
- Submit Materials - The SAC Chair will upload all of the SAC members’ interview notes and SAC Summary to the appropriate interview folder within the search file on the J Drive and notify the hiring authority and human resources that the interview results are available for review and approval.

●●● Hiring Recommendations

- Once final interview results and hiring recommendations are uploaded by the SAC Chair and reviewed and approved, the hiring authority will work with HR for salary placement (all units except IFO, who should consult with the Associate Provost for faculty placements).
- The hiring authority, SAC chair and HR meet to discuss the overall search process and the upcoming offer.

- Hiring authority contacts finalist and makes the offer and HR follows up with written offer if a verbal acceptance is received.
- Once the signed offer letter is returned to HR, the position officially closes.
- Hiring authority then will contact remaining finalists to communicate we have made a hiring decision and the position has been filled.
- Search chair (or HR) will notify any other candidates still in the pool that the position has been filled.

SAC meetings/interview days should be discussed and scheduled ahead of time, whenever possible, to make sure everyone is available when needed!

UNIVERSITY / COMMUNITY WHY BEMIDJI:

Bemidji State University is nestled among the pines along the shores of Lake Bemidji, just blocks from a thriving downtown community. In this Northwoods setting, students, staff, and faculty have a variety of activities at their fingertips. Possessing all the charm and character of a college town, Bemidji remains a tight-knit community of good neighbors and engaged citizens who always come out to cheer for the Beavers. While the city of Bemidji — named after the Ojibwe Chief Shaynowishkung (nicknamed Bemidji) — is home to a diverse population of more than 15,000 people, it serves a regional population of more than 100,000.

Though quaint and historic, the city offers the urban conveniences upon which college students rely. Bemidji State is conveniently located minutes away from affordable restaurants, cozy coffee shops, grocery stores, city parks and more. Small, locally owned shops and art sculptures line the streets of downtown Bemidji, while national chains can be found in and around the Bemidji area, including an uptown selection of department stores and restaurants. Students at Bemidji State University have the opportunity to experience a dynamic local culture and history. Bemidji also sits at the center of the legends of Paul Bunyan and Babe the Blue Ox. The famous statues of Paul and Babe greet students as they drive in from the south along Lake Bemidji.

The thriving downtown community presents ample opportunities for engagement off-campus. Among other things, there are fine-dining restaurants, cafes, and a natural foods co-op in downtown Bemidji. The historic Paul Bunyan Playhouse has a calendar of classic shows; restaurants and lounges offer weekly live music performances; the First Friday Art Walk provides a tour of new monthly art exhibits; and annual events such as the Loop the Lake Festival, the Dragon Boat Festival, the Blue Ox Marathon, Bemidji Winterfest, and The Minnesota Finlandia bring the community together.

For those who love the outdoors, there are wooded, multi-use trail systems within minutes of campus and community parks with walking trails, playgrounds and a skate park. Lake Bemidji State Park and its miles of navigable trails is located directly across the lake from BSU, and the Buena Vista Ski Area — just 12 miles north of campus — offers downhill skiing and BSU-sponsored student transportation in the winter months. Further, the Mississippi River Headwaters is a mere 45 minutes from Bemidji.

UNIVERSITY / COMMUNITY

WHY BEMIDJI:

The greater Bemidji community has a population of 25,000 and serves as a regional center for education, commerce, recreation, health care, and the arts.

Bemidji State University, located amid the lakes and forests of northern Minnesota, occupies a wooded campus along the shore of Lake Bemidji. Enrolling more than 5,100 students, Bemidji State offers more than 80 undergraduate majors and nine graduate degrees encompassing arts, sciences and select professional programs. BSU is a member of the Minnesota State system of colleges and universities and has a faculty and staff of more than 550. The university's Shared Fundamental Values include environmental stewardship, civic engagement and international and multicultural understanding.

Northwest Technical College has prepared students for fulfilling careers in high-demand fields for more than 50 years. The college's accessible, affordable, hands-on programs also help the region's employers meet their ever-growing need for a highly skilled workforce. NTC serves more than 1,000 students with an excellent education, an open-enrollment policy and affordable tuition. Students may pursue nearly 40 degree, diploma and certificate programs in six distinct career paths. Classes are offered on campus, online, or as a combination of both. NTC is a member of the Minnesota State system of colleges and universities.

Bemidji State University is nestled among the pines along the shores of Lake Bemidji, Northwest Technical College is a short distance from Lake Bemidji, and both campuses are just blocks from a thriving downtown

community. In this Northwoods setting, students, staff, and faculty have a variety of activities at their fingertips. Possessing all the charm and character of a college town, Bemidji remains a tight-knit community of good neighbors and engaged citizens who always come out to cheer for the Beavers. While the city of Bemidji — named after the Ojibwe Chief Shaynowishkung (nicknamed Bemidji) — is home to a diverse population of more than 15,000 people, it serves a regional population of more than 100,000.

Though quaint and historic, the city offers the urban conveniences upon which college students rely. Bemidji State is conveniently located minutes away from affordable restaurants, cozy coffee shops, grocery stores, city parks and more. Small, locally owned shops and art sculptures line the streets of downtown Bemidji, while national chains can be found in and around the Bemidji area, including an uptown selection of department stores and restaurants. Students at Bemidji State University have the opportunity to experience a dynamic local culture and history. Bemidji also sits at the center of the legends of Paul Bunyan and Babe the Blue Ox. The famous statues of Paul and Babe greet students as they drive in from the south along Lake Bemidji.

The thriving downtown community presents ample opportunities for engagement off-campus. Among other things, there are fine-dining restaurants, cafes, and a natural foods co-op in downtown Bemidji. The historic Paul Bunyan Playhouse has a calendar of classic shows; restaurants and lounges offer weekly live music performances; the First Friday Art Walk provides a tour of new monthly art exhibits; and annual events such as the Loop the Lake Festival, the Dragon Boat Festival, the Blue Ox Marathon, Bemidji Winterfest, and The Minnesota Finlandia bring the community together.

For those who love the outdoors, there are wooded, multi-use trail systems within minutes of campus and community parks with walking trails, playgrounds and a skate park. Lake Bemidji State Park and its miles of navigable trails is located directly across the lake from BSU, and the Buena Vista Ski Area — just 12 miles north of campus — offers downhill skiing and BSU-sponsored student transportation in the winter months. Further, the Mississippi River Headwaters is a mere 45 minutes from Bemidji.

**ACADEMIC AND STUDENT AFFAIRS GUIDELINES FOR
REIMBURSEMENT FOR CANDIDATE INTERVIEWS
UPDATED – 12-7-18**

The University will make reservations and pay for lodging for candidates interviewing for candidate positions. Please check with your Dean's office for more information. We are not intending to reimburse candidates for lodging in Bemidji, so please make sure that the Dean's Office makes reservations, and not the candidate.

Candidates are reimbursed for expenses following the State of Minnesota guidelines. Meal reimbursements are up to the limits specified by all bargaining units. The cost of round-trip coach airfare (or automobile transportation, food, and lodging during the trip, up to the cost of round-trip airfare) will be covered. Lodging in Bemidji, and any local transportation costs (taxi) will also be covered, car rental cost will not. For candidates traveling from outside the United States, transportation costs will be paid for actual costs, up to the cost of airfare from Bemidji to LAX or JFK airport, whichever is closer to the country of origin.

Candidates can be reimbursed for meals while in travel status. Candidates should claim actual expenses for meals, but reimbursement cannot exceed the maximum amounts listed:

- Breakfast \$9.00
- Lunch \$11.00
- Dinner \$16.00

The following limits apply:

- The breakfast meal is allowed when your trip begins before 6:00 a.m.
- The dinner meal is allowed when your trip ends after 7:00 p.m.

Note: If the candidates can be set up with a vendor code in advance of their visit, this can speed up the reimbursement process. (This requires completion of a W-9 form and Vendor ID form – see attached pages). Check with your departmental administrative assistant, or the travel office for more information.

While on campus, candidates should be given a copy of the non-employee reimbursement form (also attached), along with directions as to where they can find the forms on-line. (They will also need to complete a W-9 and Vendor ID form, if that wasn't taken care of in advance.) Candidates should also be advised that original itemized receipts are required for reimbursement, except for meals. The completed non-employee reimbursement form, with attached receipts should be sent to the appropriate Deans Office. (Along with the W-9 and Vendor ID form, if that wasn't taken care of in advance.)

Note: With a special expense form approved in advance by the Dean, up to four faculty members can be reimbursed at up to twice the standard rates for a meal with the candidate, including tax / gratuity. No alcohol can be paid by the university. Please note that an itemized receipt detailing each person's meal is required, so we can verify that the reimbursement fits within state guidelines.

Questions related to travel can be directed to Susan Busta in the Travel Office at (218) 755-2850 or Susan.Busta@bemidjistate.edu

Minnesota State Colleges and Universities
Procedure 5.20.1, Special Expenses
for [Board Policy 5.20](#)

Part 1. Authority. *Board Policy 7.1, Authority*, delegates to the chancellor authority to develop procedures and guidelines to implement this policy.

Part 2. Special Expenses.

Subpart A. Definition. Special expenses are extraordinary expenses incurred in connection with work-related responsibilities or official functions not generally supported with public funds of the Minnesota State Colleges and Universities or assigned duties of system employees, which are not reimbursable through the regular expense regulations. Provisions for special expenses are also found in applicable collective bargaining agreements or compensation plans. In addition to special expenses, the chancellor and the presidents may establish an expense account as provided for in Board Policy 5.20.

Subpart B. Authorization/Approval of Special Expenses. The chancellor delegates the authority to approve/disapprove special expense requests for the system office's employees to the associate vice chancellors or above through the delegation of authority process.

The chancellor delegates the authority to approve/disapprove special expense requests for employees of the state colleges and universities to the presidents. A president may delegate his/her authority to approve/disapprove special expense requests to a college/university employee(s) through the delegation of authority process.

Except in emergency situations, approval is required before any special expense is incurred and before commitments involving special expenses are made.

Employees must obtain approval of special expenses before incurring such expenses or the payment may be denied. Requests received after the event or too late to provide a proper review must include an explanation of why the request was not provided in a timely manner. Payments to reimburse or advance special expenses may be made only if the approved request to incur special expenses is attached to the Employee Expense Report.

Subpart C. Expenses Covered. The following expenses are covered where the benefits of the employee's attendance or participation are for the primary benefit of the system, college or university:
