## How to install the Zoom client and sign in for the first time.

Tags: **Work from home**, **Zoom**

1. Go to the following website: <https://minnstate.zoom.us>
2. At the bottom of the page *click Download Client*.

- Start a Zoom meeting
- Share Content
- Record Zoom meeting –To The Cloud  
[-Recording Settings on the Zoom Portal](#)
- Zoom Recordings Saved for 365 Days on the Zoom Portal
- Zoom Recordings are automatically sent to your Kaltura MediaSpace

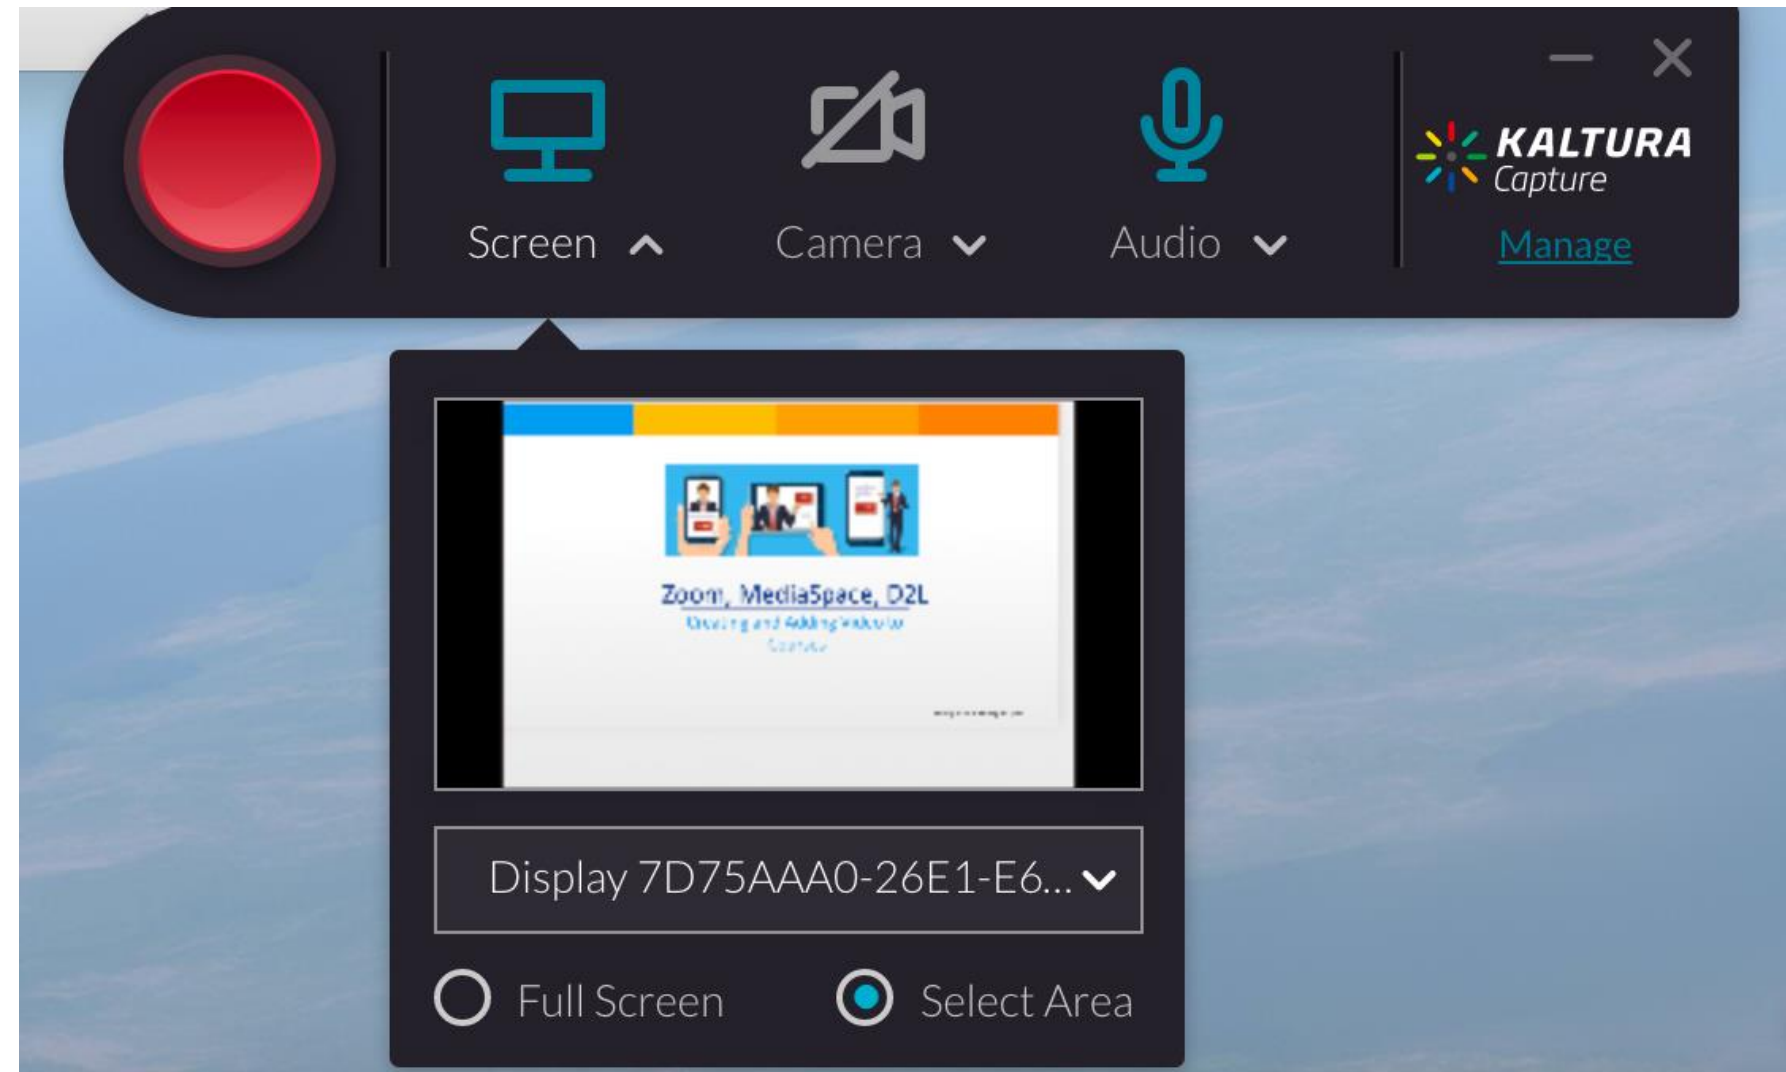

**MediaSpace** is a cloud-based web service developed by Kaltura which facilitates the conversion and distribution of various audio and video media formats.

The screenshot displays the MediaSpace interface for a user named Brian Jambor. The top navigation bar includes the Minnesota State logo, a search bar, and options for 'ADD NEW' and 'BRIAN JAMBOR'. The main content area is titled 'My Media' and features a search bar, filter options (Search In: All Fields, Sort By: Creation Date - Descending), and a list of video recordings. Each recording entry includes a thumbnail, title, duration, status (Unlisted), and owner information.

Thumbnail	Title	Duration	Status	Owner	Created	Views
	Kaltura Capture recording - August 30th 2021, 11:30:14 am	00:33	Unlisted	Owner	on August 30th, 2021	0
	Brian Jambor's Personal Meeting Room	01:27	Unlisted	Owner	on August 25th, 2021	3
	LightBoard_Test	03:45	Unlisted	Owner	on August 3rd, 2021	17
	BSU Orientation Weekend 2021					

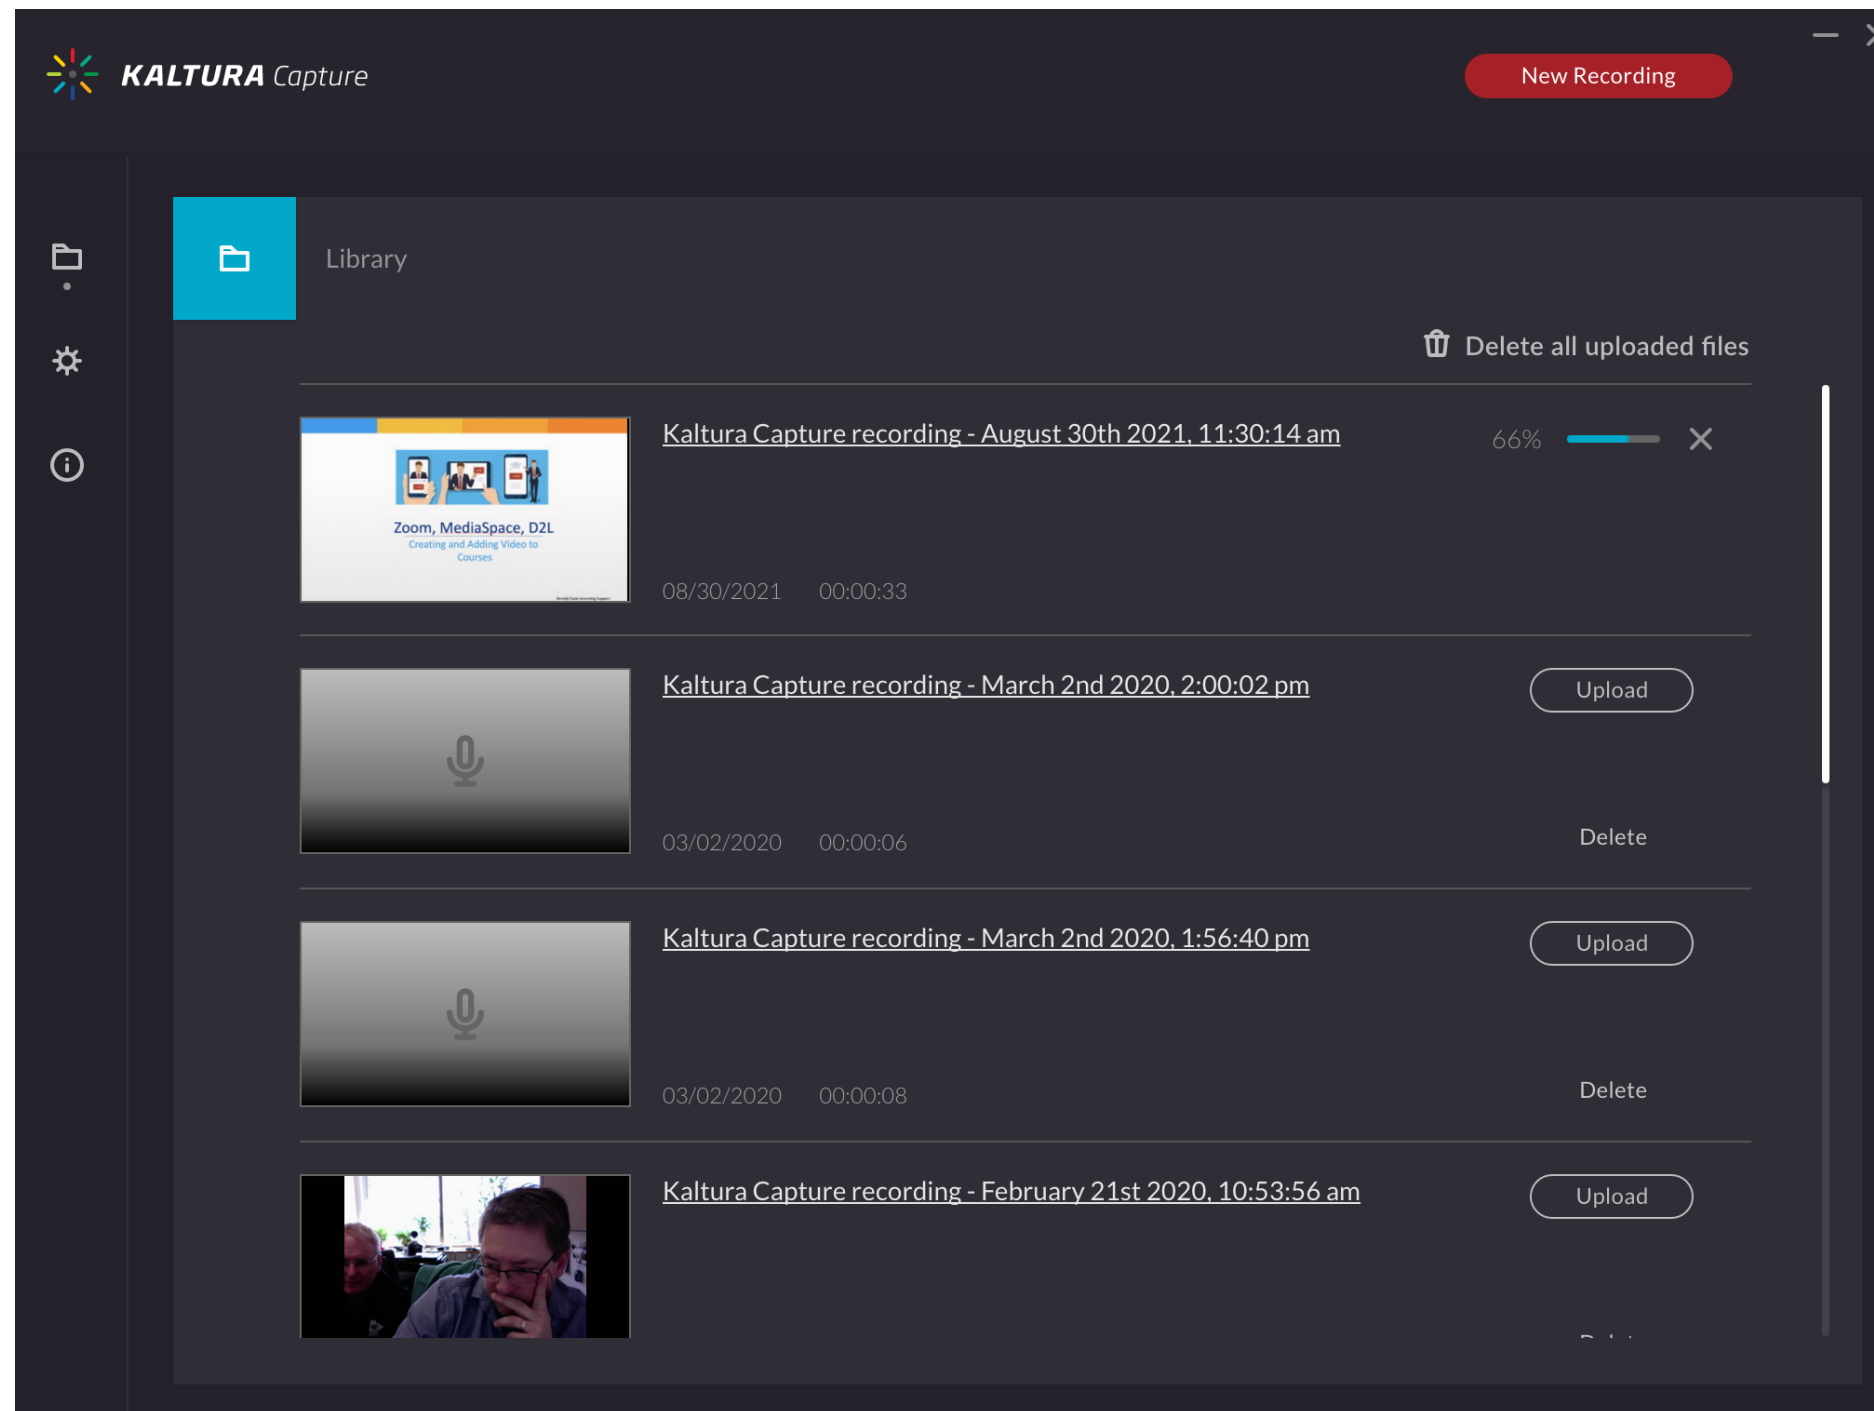

# Kaltura Capture

Kaltura Personal Capture for Education, part of the Kaltura Capture Suite, combines an intuitive interface with a user-centric experience and interactive viewing to enable easy personal video creation on campus, from the office, at home, or on-the-go.

# Add MediaSpace Video to D2L Using Existing Activities

Tags: [D2L Brightspace](#), [MediaSpace](#)

Embed your MediaSpace video in D2L Brightspace using the Existing Activities button.

1. *Click the Existing Activities button in a course content module. Select My Media (this will show your MediaSpace files)*
