### NOTES:

- **Baseball** – Outdoor Practices will occur during September, October, March, April, and May at the BSU field. Indoor Practices will occur during November, December, January, and February in the Baker indoor facility. Games on Weekends and Wednesday's. Games start at 1:00pm.
- **Basketball** – Spring semester, there will be many Friday and Saturday games with travel on Thursdays. Watch travel schedule when considering a night class.
- **Cross Country** – It is possible practices will be twice a day with the first beginning from 6-8am. Those early morning practices most likely may be Monday & Wednesday. Take note that the NCAA prohibits practice for more than four hours per day. Due to the large variety of events, practice times may be subject to change to adjust for student class schedules.
- **Football** – Fall semester there are 4-6 Fridays when the team must travel. These trips usually mean missing classes for the day.
- **Volleyball** – Pre-season practices in mid-August; matches on Tuesdays, Fridays and Saturdays, late August thru November. There are approximately 5 Fridays in the fall when they will be leaving and will have to miss Friday classes.
- **Men & Women Golf** – Both have a split season – Fall and Spring. NSIC conference championship in the Spring. NCAA play is in the late Spring. Practice time usually during afternoons – weekend travel.
- **Women's Ice Hockey** – Fall and Spring semesters, they will work out prior to practice or after practice depending on practice times.
- **Tennis** – Championship season in the Spring and non-championship season in the Fall.
- **Women's Soccer** – There are 4-6 Fridays when they will be leaving in the Fall and will have to miss Friday classes. There are no scheduled practices on Tuesdays during the Fall, so night classes would be an option. Spring schedule varies based on availability of facilities and what other sports teams are doing. Ideally they practice 5:00pm-8:00pm during the Spring.
- **Gym schedule for indoor sports:** 1pm-3pm for Volleyball; 3pm-5pm for Women's Basketball; 5pm-7pm for Men's Basketball.
- Student athletes:
  - Must retain a **minimum** enrollment of 12 credits per semester. UNLESS they are in their last term of their undergraduate degree program and will graduate following completion of that term.
  - Must have an overall GPA of 2.00 after completion of their first year and subsequent years.
  - Consider employment during the school year – discuss with the coach.
  - Normally have required time in the weight room.
- Study groups are usually a team requirement. Study groups meet 3 days a week for 2-3 hours a day. Check with the coach.
- Students who cannot participate in varsity sports should consider Intramural Sports.
- BSU is a member of NSIC (Northern Sun Intercollegiate Conference) and NCAA Division II. Hockey is NCAA Division I.
