HIST 136 - Aspects of Medieval Society (Goal 6)

2. Take courses from your home institution

3. Take a combination of courses from your home institution and SCSU

**TENTATIVE DATES**  
*JANUARY 26 - MAY 7, 2021*

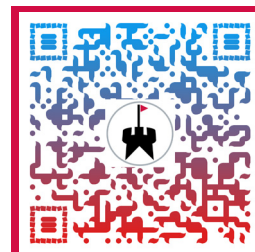

## How do I get started?

### START THE ST. CLOUD STATE @ ALNWICK APPLICATION

The best way to get started is to start an application with St. Cloud State University. SCSU will start to connect with you via email about the next steps and application process. We also will connect with your home institution just to let them know that you have started an application. (<https://www.stcloudstate.edu/alnwick/program/applying.aspx>)

APPLY

### CONNECT WITH YOUR HOME INSTITUTION

There are a few people at your home institution you need to connect with.

1. The office or person that will help you with the study abroad process

This person could be different depending on which college or university you are coming from. At some campus locations this will be the International Office. Some campus locations this will be a staff or faculty working in a different department. If you are not sure who to connect with you can either ask the SCSU Education Abroad Office and we can help connect you or you can touch base with your academic advisor at your institution.

2. The financial aid office at your campus

It is best to meet with someone to help you understand your financial situation and how you will be able to fund your experience abroad.

### COMPLETE THE NECESSARY ITEMS

You will have items on both the SCSU side and your home campus side that you will need to complete. Often it may be similar items which can be confusing at times. Please reach out to SCSU if you have any questions and we will be happy to assist.
